PROCLAMATION

CDKL5 Awareness Month

WHEREAS: June is CDKL5 Awareness Month. CDKL5 Deficiency Disorder is a rare genetic mutation that prevents the body from making essential proteins needed for brain development.

90% of the individuals affected with this disorder will develop seizures before 3 months of age. They will also struggle to achieve basic motor, vision, and other basic developmental milestones.

CDKL5 Canada is a registered charitable organization committed to funding innovative research to find a cure for CDKL5 disorder.

They believe in the power of collaboration and helping to unite efforts in curing this devastating disease and are dedicated to raise much needed public awareness, to advocate and provide support and information to all who deal with the hardships of this disorder.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim June 2024 as “CDKL5 Awareness Month” in the City of Brampton.

Mayor Patrick Brown, City of Brampton
