PROCLAMATION

World Parkinson's Day

WHEREAS: Over 100,000 Canadians live with Parkinson's disease - a disorder of the central nervous system that results in a person gradually losing the ability to control body movements.

Symptoms can vary and can include tremors, slowness of movement, difficulty with balance, swallowing, chewing, and speaking, and a variety of other non-motor symptoms.

World Parkinson's Day aims to raise awareness and share available resources with those with this debilitating disease and their loved ones.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim April 11, 2024 as "World Parkinson's Day" in the City of Brampton.

Mayor Patrick Brown, City of Brampton
