BAO AMBASSADOR PROGRAM

BAO ambassadors are a dynamic and diverse group of successful artists who are committed to helping Brampton's arts and culture scene flourish while connecting with other engaged and inspired creative thinkers and doers. Ambassadors support BAO's advocacy efforts, advise on our artist resources and programming, and raise awareness about BAO and the artists we serve across the city. With expert knowledge, industry connections and lived experience here at home and in their professions, they both inspire and mentor up-and-coming talent.

RUPI KAUR

"I grew up in Brampton and it's where my love for poetry and performance began. Our local artists are incredibly talented, and I'm thrilled to be an ambassador for the Brampton Arts Organization. We can all be doing more to uplift our local arts and culture so I hope you'll join me in attending events, exploring the programs, and supporting our local artists. BAO is doing amazing work for our community and you can be involved today."

JULIEN CHRISTIAN LUTZ (DIRECTOR X)

"I am happy to see Brampton focus on art and culture with BAO. The arts are an important part of all our lives but the artists themselves are often neglected. Supporting, connecting and empowering the artistic community is incredibly meaningful to the artists- the people that experience the work and make better art. I know the team is committed to bringing about transformative, meaningful change."

THEODORE WALKER ROBINSON

"It's a privilege to represent the Brampton Arts Organization as an ambassador. My life's practice of creative arts has been influenced by local artists who have created spaces for social change and social connection. When creativity is celebrated and explored by a community, we can attune ourselves to what is possible for us as individuals and as a community."

KIRAN RAI (KAY RAY)

"As a young artist growing up in this flourishing city, it always felt like something was missing. There was a complete disconnect between creatives around me and access to the city's resources. Finally, in my 10+ years of being an artist, there's an organization that truly wants to create more spaces that will elevate Brampton's arts and culture and a partnership and alliance that will allow artists to feel supported and celebrated. I am excited to be an ambassador of this wonderful organization and can't wait to shift the narrative!"

HAVIAH MIGHTY

“As a Brampton artist, I’m excited to be a Brampton Arts Organization ambassador!”

RUSSNA KAUR

“I am extremely excited to join the Brampton Arts Organization (BAO) as an Ambassador! Growing up in the City of Brampton has had a significant influence on my painting practice and has played a vital role in shaping some of the ways in which I approach my materials and surfaces. The city is rich with a diverse range of visual information - our homes, shopping malls, restaurants, sports centres, flea markets, movie theatres, bowling alleys, libraries, parks and trails have served as a source of inspiration for my work. Peeling back the layers of our community has helped me to better understand the subtleties and complexities of identity - what we choose to reveal and conceal about ourselves. The City of Brampton is filled with hard working, talented individuals and I am looking forward to playing a part in advocating for the arts in Brampton and providing members of our community with the tools needed to realize their full creative potential!”

SASHA LEIGH HENRY

“Having grown up in the city of Brampton and as an alumni of our accredited regional arts programming I’m honoured to be an ambassador for the Brampton Arts Organization. Brampton is home to many of the country’s biggest musicians, actors, and performers and I’m proud to share a history with them by way of hometown. From artist commissions to workshops and showcases, the BAO is a great hub and resource for artists of all practices to meet each other, grow, and ultimately thrive as artists. I’m excited to be a part of this arts community and look forward to connecting with other Brampton artists in the city.”

DAVID J. PHILLIPS

“Growing up in the richly diverse Brampton culture helped me find my passion for entertainment: from Speech Contests at the local Legion to performing in high school/community plays at the Heritage & Lester B. Pearson Theatres. The support from a few mentors led me to pursue arts and be cast at the Stratford Festival, host a show on YTV, and act in movies before turning to producing - where I've been fortunate to have made feature films with some of Hollywood's biggest and brightest stars. I continue to be proud of my Brampton roots and there's a bunch of us in California. Brampton has always been a city filled with potential and I hope with new programs young artists can get even more support than I did. I'm grateful to be an ambassador for BAO and help the exciting work they're doing to continue to grow the artistic community, shape lives, and inspire the entertainment leaders of tomorrow.”

SPITTY

“I'm excited to work with the Brampton Arts Organization who have been doing great things in the city from networking events, supporting artist opportunities at shows, or hosting panels with industry leaders to help share their knowledge. It's a blessing, and other cities are noticing. I grew up in Brampton and I love that we are growing as a hip hop community and there's more to come.”

TOBI

“Growing up and developing as a rapper in Brampton was a formative experience for me. I didn't have much of a space to connect with other youth and artists at the time. That is why I am excited to work with BAO to create more opportunities for musicians and support the next generation of Brampton artists.”
