

Functional Servicing Report – Terms of Reference

(For Reference Only – site specific details may be required)

1. Introduction
 - 1.1. Purpose of Study
 - 1.2. Background Information
 - 1.3. Site Description
 - 1.4. Environmental Constraints and Development Limit
 - 1.5. Proposed Development Plan
2. Grading Plan
 - 1.1. Existing Grading Plan
 - 1.2. Proposed Grading Plan
3. Water Servicing Plan
 - 3.1. Existing Water Servicing and Connections
 - 3.2. Proposed Watermain System Analysis and Design
4. Sanitary Servicing Plan
 - 4.1. Existing Sanitary Servicing, Connections and Flows
 - 4.2. Design Criteria and Demand
 - 4.3. Projected Sanitary Flows
 - 4.4. Proposed Sanitary Servicing Plan
5. Storm Sewer Servicing Plan
 - 5.1. Existing Storm Sewer Servicing and Connections
 - 5.2. Proposed Minor Storm Sewer System
 - 5.3. Proposed Major Storm Drainage System
6. Stormwater Management Plan
 - 6.1. Existing Drainage Pattern and Peak Flows
 - 6.2. Existing Soil Information
 - 6.3. Stormwater Management Criteria
 - 6.4. Proposed Stormwater Management Plan
7. Sustainability Assessment and Summary – Stormwater Management
8. Utilities
 - 8.1. Existing Conditions
 - 8.2. Servicing Considerations
 - 8.3. Hydro
 - 8.4. Telephone
 - 8.5. Natural Gas
 - 8.6. Cable Television and Internet
 - 8.7. Street Lighting

9. Geotechnical Investigation Findings and Summary

10. Erosion and Sedimentation Control Plan

11. Conclusion

- 11.1. Grading Plan
- 11.2. Water Servicing Plan
- 11.3. Sanitary Servicing Plan
- 11.4. Storm Sewer Servicing Plan
- 11.5. Stormwater Management Plan
- 11.6. Sustainability Assessment and Summary
- 11.7. Utilities
- 11.8. Geotechnical Findings
- 11.9. Erosion and Sedimentation Controls

List of Figures

Figure No. 1.1 Location Plan

Figure No. 1.2 Proposed Development Plan

Figure No. 3.1 Existing and Proposed Water Servicing Plan

Figure No. 4.1 Existing and Proposed Sanitary Servicing Plan

Figure No. 5.1 Existing Storm Servicing and Grading Plans

Figure No. 5.2 Proposed Storm Servicing and Grading Plans

Figure No. 6.1 Existing Drainage Area Plan

Figure No. 6.2 Existing Stormwater Management Plan

Figure No. 6.3 Proposed Stormwater Management Plan

List of Appendices

Appendix A Legal Survey Plan

Appendix B Water Supply Data and Proposed Water Supply Calculations

Appendix C Sanitary Sewer Data, Proposed Sanitary Flow Calculations and Sanitary Sewer Design

Appendix D Storm Sewer System Calculations and Design

Appendix E Stormwater Management Calculations

Appendix F Sustainability Assessment Tool

Appendix G Utility Locates

Appendix H Geotechnical Investigations
