Chapter 1: Administration and Interpretation

Section 1.1: Title

.1 This By-law may be referred to as the Comprehensive Zoning By-law or the City of Brampton Comprehensive Zoning By-law.

Section 1.2: Application

.1 This By-law applies to all lands within the City of Brampton, except within certain lands excluded from this By-law, as specifically shown on Schedule A.

.2 No lands shall be **used**, and no **building** or **structure** shall be erected, located, used or altered, nor shall the **use** of any **building**, **structure** or **lot** be changed, in whole or in part, except in compliance with the provisions of this By-law.

Note: This new Zoning By-law excludes certain lands in the City. Lands in the Downtown Brampton Major Transit Station Area, the Main Street North Development Permit System area, the Bramalea GO Station Protected Major Transit Station Area, the Ray Lawson/County Court Protected Major Transit Station Area, and portions of the Rutherford and The Gore Protected Major Transit Station Area are not subject to this Zoning By-law. Their inclusion will be considered at a future date.

Section 1.3: Administration

1.3.A Administrator

.1 This By-law shall be administered by the Commissioner of Planning, Building and Growth Management or the successor and such other **person** or **persons** as appointed by by-law or resolution of Council.

1.3.B Inspection

.1 Where the administrator of this By-law has reason to believe that any **person** has **used** land or **erected** or **used** any **building** or **structure** in contravention of this By-law, a designated employee of the City so authorized may enter and inspect the land or **building** or **structure**.

1.3.C Penalty

.1 Every **person** who contravenes any provision of this By-law is guilty of an offence and on conviction is liable to fines in accordance with the City's by-laws.

1.3.D Severability

.1 A decision of any court or tribunal with competent jurisdiction that any specific portion of this By-law is invalid or is not in effect does not affect the validity or enforceability of any other portion of this By-law.

Section 1.4: Non-Conformity and Non-Compliance

1.4.A Legal Non-Conforming Uses

Note: The requirements for legal non-conformity and legal-non-compliance address those situations where a use, building, or structure was established legally before this new By-law comes into effect, but they no longer meet the updated requirements of this new By-law. These uses, buildings and structures are permitted to continue and may be altered in accordance with these provisions. Any proposed new buildings and features would need to comply with the provisions of this By-law.

.1 Nothing in this By-law applies to prevent the **use** of any land, **building** or **structure** for any purposes prohibited by this By-law if such land, **building** or **structure** was lawfully **used** for such purpose on the effective date of this By-law, so long as it continues to be **used** for that purpose.

.2 Nothing in this By-law applies to prevent the **erection** or **use** for a purpose prohibited by this By-law of any **building** or **structure** for which a permit has been issued under subsection 8 (1) of the *Building Code Act* prior to the effective date of the By-law, so long as the **building** or **structure** when **erected** is **used** and continues to be **used** for the purpose for which it was **erected** and provided the permit has not been revoked under subsection 8 (10) of that Act.

1.4.B Legal Non-Conforming and Non-Complying Buildings, Structures, and Other Features

.1 Nothing in this By-law shall prevent the repair or renovation of a legally **non-conforming building** or **structure** or other feature which was **erected** prior to the date of the passing of this By-law, provided that such repair or renovation shall not:

- .a Cause the provisions of this By-law with which the **existing building** or **structure** does not comply to be contravened to a greater extent; and
- .b Cause **non-compliance** with any other provisions of this By-law.

.2 Where a **use** is permitted, a **building**, **structure** or other feature erected prior to the effective date of this By-law was **used** for a purpose permitted by this By-law, but not complying with the minimum or maximum requirements of this By-law relating to such **building**, **structure**, feature, or the **lot** upon which it is located, may be occupied, reconstructed, repaired, renovated, altered or enlarged, provided:

.a Those provisions of the By-law which the existing **building**, **structure**, **lot**, or feature does not comply are not contravened to a greater extent; and

.b Cause **non-compliance** with any other provisions of this By-law.

1.4.C Non-Compliance Due to Public Expropriation or Land Acquisition

.1 Notwithstanding anything to the contrary in this By-law, no **building**, **structure**, **lot**, **yard**, **parking area**, **stacking space**, **driveway**, or **landscaped open space**, or portion thereof, shall be deemed to be in contravention of the provisions of this By-law if said **building** or other feature would comply with this By-law if not for a contravention caused by a legal expropriation or other land acquisition by a **public authority**.

Section 1.5: Compliance with Other Legislation, By-laws and Regulations

.1 This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.

.2 Compliance with this By-law does not represent compliance with any other lawfully imposed requirements, by-laws, legislation, or regulations imposed by a governmental authority having jurisdiction.

Note: The Zoning By-law does not incorporate requirements from other City by-laws or other applicable legislation or regulations. Users should contact the City to help confirm if other laws or requirements will affect a construction project or change of use. The requirements of other jurisdictions may be more restrictive than the requirements of this By-law and may affect setbacks, height or other matters.

Section 1.6: Lots in More than One Zone

.1 Where a **lot** is subject to more than one **zone**, the permitted **uses**, **accessory uses**, and regulations for each **zone** apply to the portion of the **lot** within the respective **zone**.

Note: Most lots are located in a single zone, but some lots will be located in multiple zones ("split zoning"). The requirements of each zone will apply to each portion of the lot separately.

Section 1.7: Transition

1.7.A Building Permits

.1 Nothing in this By-law shall prevent the **erection** of a **building** or **structure** or the **use** of any **building** or **structure** in accordance with a building permit application submitted prior to the effective date of this By-law, provided the building permit is in accordance with all applicable zoning by-laws that affected the **lot** before this By-law came into effect.

Note: The Transition provisions of Section 1.7 allow recent and ongoing building permits and certain planning applications to proceed to a conclusion and construction, if approved, without the need to comply with this new By-law. If you have an application, please contact the City to confirm the applicability of transition clauses to your project.

.2 This By-law is deemed to be modified to the extent necessary to permit a **building** or **structure** that is erected in accordance with clause .1 of this subsection.

1.7.B Planning Applications

.1 Nothing in this By-law shall prevent the **erection** of a **building** or **structure** in accordance with any minor variance, site plan, consent, part lot control application, plan of subdivision or plan of condominium that has been submitted and deemed complete by the **City** or approved or conditionally approved by the relevant approval authority before the effective date of this By-law, provided the application complies with all applicable zoning by-laws that affected the **lot** before this By-law came into effect.

.2 Nothing in this By-law shall prevent the **erection** of a **building** or **structure** in accordance with a zoning by-law amendment that has been approved prior to the effective date of this By-law and is subject to an Exception Zone contained in Chapter 12 of this By-law. For clarity, where an approved zoning by-law amendment is granted transition, nothing in this By-law shall prevent the **erection** of a **building** or **structure** that is in conformity with the zoning by-law amendment and is in conformity with the provisions of By-law 270-2004 as they existed on the day before the effective date of this By-law with regards to matters not specifically regulated by the zoning by-law amendment that is granted transition.

Note: When transition is granted to a property in accordance with the provisions of Section 1.7, the owner has the option of complying with the provisions of this new Zoning By-law, which may be preferred over the previously applicable requirements.

.3 Nothing in this By-law shall prevent the acceptance and approval of a minor variance application in the context of the in-effect zoning as it read on the day before the effective date of this By-law, provided such minor variance pertains to a site plan, consent, part lot control application, plan of subdivision, plan of condominium, or a zoning by-law amendment that is granted transition in accordance with Section 1.7.B.1 or 1.7.B.2. Once the minor variance is approved in accordance with Section 45 of the *Planning Act*, nothing in this By-law shall prevent issuance of the building permit and **erection** of any **building** or **structure** in accordance with the approved minor variance.

.4 This By-law is deemed to be modified to the extent necessary to permit a **building** or **structure** that is erected in accordance with clauses .1, .2 and .3 above.

1.7.C Scope of Transition Provisions

.1 The relief granted by Sections 1.7.A and 1.7.B shall only apply to those **uses**, **buildings** and **structures** contemplated by the permit,

application, or approval as they were generally illustrated in the application materials that are eligible for transition, at the discretion of the Director, Development Services and Design or their designate. The relief shall not apply with respect to any other permits, applications or constructions works made after the effective date of this By-law, except a minor variance application that is submitted in relation to a transitioned application, as referred to in Section 1.7.B.2.

1.7.D Lapse of Transition Provisions

.1 The transition provisions shall lapse as follows:

.a Three years after the effective date of this By-law for any building permit application that is granted transition by Section 1.7.A.

.b Ten years after the effective date of this By-law for any planning application that has been deemed complete, approved or conditionally approved, and is granted transition under Section 1.7.B.

Section 1.8: Establishment of Zones

.1 This By-law establishes the following **zones** and places all lands subject to this By-law in one or more of the **zones** established in Table 1.8.1 through 1.8.7 inclusive and shown on Schedule A. For convenience in referring to groups of **zones** in this By-law, the **zones** are organized into categories as indicated by the Table captions.

Section 1.9: Schedules

1.9.A Schedule A – Zone Map

.1 The **zones** and their boundaries are shown on Schedule A which forms part of this By-law.

Note: The draft zone map (Schedule A) along with the other maps described in this section are available for viewing on the City's website.

1.9.B Explanation of Zone Symbols on Schedule A

.1 A zone label shown on Schedule A is comprised of a zone symbol as set out in Section 1.8 and may consist of other text and symbols as described in this section.

.2 Where a zone symbol contains a hyphen followed by a number as a suffix (e.g., "-10"), the provisions of the corresponding Exception Zone of this By-law, contained in Chapter 12, shall apply to those lands.

.3 Where a zone symbol is preceded by the symbol "H" or (H), the following provisions shall apply:

.a The only permitted **uses**, **buildings** and **structures** shall include those **uses**, **buildings** and **structures** that were legally **existing** when the holding symbol was applied to those lands by by-law.

.b The holding symbol shall be lifted only in accordance with the provisions for lifting the holding symbol as stated in the applicable by-law.

.c Upon lifting the holding symbol, the permitted **uses**, **lot** and **building** requirements of the applicable zone shall apply.

.d Where the lands are subject to an Exception Zone that contains provisions for permitted **uses** or provisions for lifting the holding symbol, the Exception Zone shall take precedence over clauses .a through .c above.

Note: Zone Code Example:
(H)R1-435

"(H)" *is a prefix indicating that Holding requirements apply (see 1.9.B.3).*

"R1" *is the zone symbol, corresponding to a zone described in Chapters 5-11 of this document. The zone establishes permitted uses and most lot and building requirements. Other requirements of this By-law shall also apply, such as the General Provisions of Section 3.*

"-435" *is a suffix indicating that an Exception zone applies. The Exception zones are found in Chapter 12. The number shown in the suffix corresponds to the applicable subsection under Chapter 12.*

1.9.C Schedule B – Building Height Requirements

.1 Schedule B to this By-law identifies minimum and maximum **building height** requirements on certain lands. Where these requirements are shown, **building height** shall be in accordance with the requirement shown and shall take precedence over any stated requirement in the applicable **zone**. Where no requirement is shown, the requirements in the **zone** shall apply.

1.9.D Schedule C – Floor Space Index Requirements

.1 Schedule C to this By-law identifies minimum and maximum **floor space index** requirements on certain lands. Where these requirements are shown, the **floor space index** shall be in accordance with the requirement shown and shall take precedence over any stated requirement in the applicable **zone**. Where no requirement is shown, the requirements in the **zone** shall apply.

1.9.E Schedule D – Lot Width Requirements

.1 Schedule D to this By-law identifies minimum **lot width** requirements on certain lands. Where these requirements are shown, the minimum **lot width** shall be in accordance with the requirement shown and shall take precedence over any stated requirement in the applicable **zone**. Where no requirement is shown, the requirements in the **zone** shall apply.

1.9.F Schedule E – Active Frontage Requirements

.1 Schedule E to this By-law identifies **active frontage** requirements on certain lands in the **Protected Major Transit Station Areas**. Where these requirements are shown, the provisions of Section 7.2.B shall apply.

1.9.G Schedule F – Protected Major Transit Station Area Boundaries and Requirements

.1 The **Protected Major Transit Station Area** Boundaries and Requirements are shown on Schedule F, which forms part of this By-law. Schedule F – Protected Major Transit Station Area Boundaries and Requirements is specifically referenced by certain provisions of this By-law.

1.9.H Schedule G – Parking Regulation Areas

.1 The Parking Regulation Areas, referred to in Chapter 4 of this By-law, are shown on Schedule G which forms part of this By-law.

1.9.I Schedule H – Driveway Regulation Area

.1 The Driveway Regulation Area, as referred to by Section 5.2.I of this By-law, are shown on Schedule H which forms part of this By-law.

1.9.J Schedule I – Lester B. Pearson International Airport Operating Area Overlay

.1 The Lester B. Pearson International Airport Operating Area Overlay is shown on Schedule I, which forms part of this By-law. In the areas subject to this overlay, the provisions of Section 3.6 apply.

1.9.K Schedule J – Downtown Floodplain Overlay

.1 The Downtown Floodplain Overlay is shown on Schedule J, which forms part of this By-law. In the areas subject to this overlay, the provisions of Section 3.3 apply.

1.9.L Schedule K – Corridors and Boulevards

.1 The Corridors and Boulevards are shown on Schedule K, which forms part of this By-law. The application of Schedule K – Corridors and Boulevards is specifically referenced by certain provisions of this By-law.

Section 1.10: Interpretation of Schedules

The following provisions shall apply with respect to the interpretation of a **zone** boundary, the boundary of an overlay, and the boundary or feature of any regulation area referenced in this By-law, as shown on any Schedule to this By-law:

.1 Where the boundary or feature is indicated as following a **public street**, public **lane**, or railway, the boundary shall be the centre line of such **public street**, public **lane** or railway.

.2 Where the boundary or feature is indicated as approximately following **lot lines** shown on a registered plan of subdivision or of lots registered in the Land Registry Office, the boundary shall follow such **lot lines**.

.3 Where a **street**, **lane**, railroad or railway right-of-way, hydro corridor, or watercourse is included on the Schedules, said **street**, **lane**, railroad or railway right-of-way, hydro corridor, or watercourse shall, unless otherwise indicated, be included in the **zone**, overlay, or regulation area of the abutting property on either side thereof.

.4 Where provisions .1 through .3 do not apply, where the boundary or feature is deemed by the administrator of this By-law as being intended to follow the location or boundary of environmental features or their buffers, future **streets**, future **lot lines**, or otherwise is intended to follow a feature shown in any adopted, approved or conditionally approved development plan or associated approved study, the boundary shall be deemed to follow said feature.

.5 Last, where none of the above provisions apply, the boundary or feature shall be scaled from the Schedule.

Section 1.11: Appendices

.1 Any appendix, as may be referred to by this By-law, does not form an operative component of the By-law and is provided for convenience purposes only. Any features shown on an appendix are approximated and subject to change.

Section 1.12: Interpretation of By-law Text

1.12.A Defined Terms

.1 For convenience purposes only, wherever a term appears in the text of this By-law in **"bold"** letters, the term is intended to have the meaning set out for it in Chapter 2. Wherever a term appears in the text of this By-law in regular font, it is intended to have the meaning ordinarily attributed to it in the English language. When a verb is defined, the definition applies to all tenses of the verb.

1.12.B Interpretation of Permitted Use Tables

.1 In this By-law, a **use** is only permitted if it is explicitly permitted, and any other **use** shall not be permitted. **Accessory uses** shall be subject to Section 3.1 and all other applicable provisions of this By-law.

.2 A **use** permitted if it is listed in the corresponding **zone** of the applicable permitted use table and only if the **use** meets all requirements of this By-law.

1.12.C Words and Abbreviations

.1 In this By-law, unless that context requires otherwise:

.a Words used in the singular number include the plural; and

.b Words used in the plural include the singular number

.2 In this By-law, the word “shall” is mandatory.

.3 In this By-law, “m” means metres.

.4 In this By-law, “ha” means hectares.

.5 In this By-law, “m^2” means square metres.

.6 In this By-law, unless the context requires otherwise:

.a the word “used” shall include the meaning “designed to be used” and “arranged to be used”; and,

.b the word "occupied" shall include the meaning "designed to be occupied" and "arranged to be occupied".

1.12.D Conflicts

.1 Where there is conflict between any provisions of this By-law that apply to a circumstance, then the more restrictive provision shall apply.

Note: These margin notations are provided for convenience only and are not operative statements. Similarly, illustrations are not operative parts of this By-law, unless the illustration is specifically referred to in the text.

1.12.E Operative Parts and Convenience Features

.1 In this By-law, all of the text, tables and provisions thereto, and the schedules referenced in this By-law form the operative parts of this By-law.

.2 In this By-law, any illustration or notation is provided for the purposes of convenience only and does not form a part of this By-law, unless the illustration or notation is explicitly referenced in the operative text of this By-law.

1.12.F Reference to Legislation or Public Authorities

.1 Any reference to legislation, regulations or the names of any **public authorities** shall be deemed to incorporate any amendments or successor legislation or **public authority**.

1.12.G Measurement of Yards

.1 Where this By-law requires a minimum **yard**, the **yard** shall be measured from the applicable **lot line** abutting the **yard** to the nearest part of the **building** or **structure** on the **lot**.

.2 Where this By-law requires a maximum **yard**, the **yard** shall be measured from the applicable **lot line** abutting the **yard** to the nearest part of the **building** or **structure** on the **lot**.

Section 1.13: Allowance for Construction-Related Margin of Error

.1 Where a building permit has been lawfully issued and not revoked and where a constructed **building** or **structure** has been found to be in contravention of any minimum or maximum requirement for **height**, any **parking space** or **parking aisle** requirements by no more than 0.03 m, said **building** or **structure** shall be deemed to comply with the applicable requirement of this By-law. This allowance shall also be applicable to **setbacks** in any **zone** other than a Residential Zone.

Z

Zone: shall mean an area of land designated for certain **uses**, and subject to **lot** and **building** requirements, as set out in this By-law.

Chapter 3: General Provisions

Section 3.1: Accessory Uses, Buildings and Structures

Note: The General Provisions of this By-law apply to all zones. However, the applicability of the requirements in Chapter 3 will depend on the specific project, as not all requirements will be relevant to every proposed development or project. The reader should confirm the applicable requirements from Chapter 3 in addition to the zone requirements.

Note: Requirements for accessory uses, buildings and structures are contained here as well as in the applicable zone requirements. Section 5.2.B, for example, includes specific requirements for accessory uses, buildings and structures in the Residential Zones.

3.1.A General

.1 In this By-law, where a **use** is permitted, any **use** which is **accessory** to the principal permitted **use** shall also be permitted.

.2 Unless explicitly permitted by this By-law, **habitable space** shall not be permitted within any **accessory building** or **structure**.

.3 Notwithstanding Section 3.1.A.1, where a specified **accessory use** is identified in the permitted use regulation tables for any **zone**, the permission of that **accessory use** and associated **buildings** and **structures** shall be restricted in accordance with the permitted use tables. This shall include:

- .a **Accessory offices**;
- .b **Drive-throughs** and **motor vehicle washing facilities**;
- .c **Home occupations**;
- .d **Outside storage**;
- .e **Outside display and sales**;
- .f **Restaurant patios**;
- .g **Seasonal garden centres** and **temporary sales tents**; and
- .h Any other **accessory use** specifically indicated in the permitted use tables contained in Chapters 4 through 11.

3.1.B Accessory Buildings and Structures in Non-Residential Zones

In all zones except the Residential Zones, the following provisions shall apply to any **accessory buildings** or **structures**:

.1 The **height** of an **accessory building** or **structure** shall not exceed the greater of 4.5 m or the maximum **building height** in the applicable **zone**.

.2 The **accessory building** or **structure** shall be located at least 3.0 m from any **lot line**. Notwithstanding this provision, where the **lot** abuts any Residential, Mixed Use, Institutional, Natural System, Park, or Open Space **zone**, the minimum **setback** shall be the

minimum required **building setback** as stated in the applicable **zone**.

.3 Notwithstanding the provisions above, and notwithstanding the restrictions in any exception zone in Chapter 12, an **accessory structure** in the form of a statue, monument or similar ornamental or commemorative landscape feature shall be permitted in any **yard**, provided that:

.a The **structure** does not exceed a **height** of 4.5 m.

.b The base of the **structure** does not exceed an area of 15.0 m^2 and the body of the **structure** does not extend beyond perimeter of the base.

.c The **structure** is not closer than 1.5 m to any **lot line**, except where the **lot line** abuts a Residential or Open Space zone, the minimum **setback** shall be equal to the **height** of the **structure**.

Section 3.2: Conservation Authority Regulation Limit

.1 On any lands subject to the Conservation Authority Regulation Limit, as administered by the applicable Conservation Authority, a permit may be required from the applicable Conservation Authority prior to issuance of a building permit in accordance with the *Building Code Act* and the *Conservation Authorities Act*, and applicable regulations.

Note: The Conservation Authority should be contacted regarding any projects within their Regulation Limit, as a permit may be required prior to receiving a building permit from the City for the proposed works. The Regulation Limit is administered by the Conservation Authority. Some lands in the City may be located in a floodplain and not currently zoned Natural System, so early consultation with the Conservation authority is recommended to confirm if a permit will be required.

.2 Notwithstanding any provision of this By-law, in any lands located in the Conservation Authority Regulation Limit as determined by the Conservation Authority, the following **uses** shall be prohibited in **hazardous lands** and **hazardous sites** as determined by the City in consultation with the applicable Conservation Authority:

.a Institutional **uses** including **hospitals**, **residential care homes**, **retirement homes**, **child care centres** and any public or private schools;

.b Essential **emergency service** facilities including fire, police, ambulance stations and electrical substations; and

.c **Uses** associated with disposal, manufacture, treatment or storage of **hazardous substances**.

Section 3.3: Floodplain Overlays (Schedule J)

3.3.A Provisions Applicable to All Downtown Floodplain Overlay Areas

.1 Notwithstanding any other provision of this By-law, on any lands subject to any Downtown Floodplain Overlay, as shown on Schedule J, the following provisions shall apply:

.a Residential **uses** and **hotels** constructed shall provide an emergency pedestrian access from the **building** to lands situated at or above the Regulatory Storm Flood elevation as established by the Toronto and Region Conservation Authority. Such emergency pedestrian access shall be above the Regulatory Storm Flood elevation in its entirety.

.b All **buildings** and **structures** shall be floodproofed to the level of the Regulatory Storm Flood elevation and dry passive floodproofing of new **buildings** or **structures** may be required. Where it has been demonstrated to the satisfaction of the City in consultation with the Toronto and Region Conservation Authority that it is technically impractical to flood proof a **building** or **structure** to the Regulatory Flood level, floodproofing must be to the highest level technically feasible. However, the minimum floodproofing level shall be to the 1:350 storm elevation, as determined by the Toronto and Region Conservation Authority.

.c All **buildings** and **structures** shall locate primary **building** system controls, such as service units and panels, at or above the Regulatory Storm Flood elevation.

.d No **dwelling units**, or any portion of the suites associated with **hotels** shall be constructed below the Regulatory Storm Flood elevation.

.e The following **uses** shall not be permitted:

.i **hospital**;

.ii **residential care home**;

.iii **child care centre**;

.iv **elementary school**;

.v **secondary school**;

.vi essential **emergency services**, including fire, police (except for a neighbourhood-serving police station that is not designed or intended to serve an essential function during an emergency event such as flooding and not exceeding 464 m^2 in **gross floor area**), ambulance stations and electrical substations; and,

.vii **uses** associated with the disposal, manufacturing, treatment or storage of **hazardous substances**.

3.3.B Downtown Floodplain Overlay Area 1

.1 Notwithstanding any other provision of this By-law, on any lands subject to Downtown Floodplain Overlay Area 1, as indicated on Schedule J, the following provisions shall apply:

.a The maximum total number of residential **dwelling units** permitted to be constructed within all lands subject to Downtown Floodplain Overlay Area 1 after May 7, 2014 shall be 900.

.b The maximum total **gross floor area** of **non-residential uses** permitted within all lands subject to Downtown Floodplain Overlay Area 1 shall be 41,000 m^2.

3.3.C Downtown Floodplain Overlay Area 2

.1 Notwithstanding any other provision of this By-law, on any lands subject to Downtown Floodplain Overlay Area 2, as indicated on Schedule J, the following provisions shall apply:

.a The maximum total number of residential **dwelling units** permitted to be constructed within all lands subject to Downtown Floodplain Overlay Area 2 after May 7, 2014 shall be 185.

.b The maximum total **gross floor area** of **non-residential uses** permitted within all lands subject to Downtown Floodplain Overlay Area 2 shall be 45,000 m^2.

3.3.D Downtown Floodplain Overlay Area 3

.1 Notwithstanding any other provision of this By-law, on any lands subject to Downtown Floodplain Overlay Area 3, as indicated on Schedule J, the following provisions shall apply:

.a No residential **dwelling units** that did not exist on the effective date of this By-law shall be permitted.

.b The maximum **gross floor area** of **non-residential uses** permitted within all lands subject to Downtown Floodplain Overlay Area 3, including any **hotels** subject to Section 3.3.D.1.c shall be 88,000 m^2.

.c The total amount of **gross floor area** of any new or expanded **hotels** shall not exceed 150 suites and 11,000 m^2 of **gross floor area** within all lands subject to Downtown Floodplain Overlay Area 3.

.d Notwithstanding Section 3.3.A.1, development abutting Main Street and/or Queen Street is permitted to be floodproofed and provide entrances and **ground floor** finished floor elevations to the 1 in 350 year storm elevation. Entrances to below-grade **parking structures** shall be dry passively floodproofed in accordance with Section 3.3.A.1.

3.3.E Downtown Floodplain Overlay Area 4

.1 Notwithstanding any other provision of this By-law, on any lands subject to Downtown Floodplain Overlay Area 4, as indicated on Schedule J, the following provisions shall apply:

.a No additional **dwelling units** shall be permitted unless safe access to lands outside of the Downtown Floodplain Regulation Area can be achieved from the **building**. Such access shall be over lands entirely above the Regulatory Storm elevation as established by the Toronto and Region Conservation Authority.

.b All residential **habitable space** within or added to an existing **dwelling** shall be floodproofed to the Regulatory Storm Flood elevation.

Section 3.4: Frontage on Road or Street

.1 No **person** shall erect any **building** or **structure** on any **lot** unless:

.a the **lot** upon which such **building** or **structure** is to be **erected** fronts upon a **public street**;

.b the **lot** will have frontage on a **public street** that will be assumed by a **public authority**, pursuant to an approved **development agreement** with a **public authority**;

.c the **building** or **structure** is part of a plan of condominium and the **lot** has direct access to a **public street**;

.d the **lot** is legally tied to a common element condominium that has or will have frontage on a **common element condominium roadway** which has or will have direct access to a **public street**, or there is access to the **public street** via another **common element condominium roadway**, in accordance with a **development agreement** with a **public authority**; or

.e the **lot** otherwise has access to a **private street** as was legally existing on the effective date of this By-law.

.2 Notwithstanding the provisions of this section, a **lot** used principally for **infrastructure**, trails, or **conservation uses** shall not require frontage.

Section 3.5: Height Exceptions

.1 Any maximum **height** requirement of this By-law shall not be applicable to the following **structures** and **building** components, and further, the following **structures** shall not be counted towards achieving any minimum **height** requirement specified in this By-law:

.a A spire, minaret or similar structure associated with a **place of worship**.

.b Elevator enclosures.

.c Flag poles, television or radio antennae, ventilators,

.d Silos.

.e Clock towers.

.f A chimney associated with a **dwelling unit**, provided the associated **structure** does not exceed 2.0 m in **height** above the maximum permitted **building height** in the applicable **zone**.

.g A chimney or smokestack associated with any **non-residential use**.

.h **Buildings** and **structures** associated with **transit stations**, public works yards, or **emergency services**.

.i **Infrastructure** maintained by a **public authority**.

.j Skylights and solar panels and associated structures up to 0.3 m in **height**.

Note: This By-law provides maximum height requirements in most zones, which will limit the height of buildings in the zone. However, certain structures and building components are not subject to the maximum height requirements, as described here in Section 3.5.

.k A water tank and water / cooling towers.

.l An **accessory building** associated with a permitted **agricultural use**.

.2 **Height** requirements for **rooftop mechanical equipment** shall be in accordance with Section 3.13.

.3 The minimum **building height** requirements in this By-law shall not apply to a **transit station** or **infrastructure**.

Section 3.6: Lester B. Pearson International Airport Operating Area Overlay (Schedule I)

.1 Notwithstanding any other provision of this By-law, on any lands subject to the Lester B. Pearson International Airport Operating Area overlay, as shown on Schedule I, the following uses shall be prohibited:

.a any type of residential **dwelling unit**;

.b **residential care home**;

.c **child care centre**;

.d **hospital**; and

.e **elementary school** or **secondary school**.

.2 Notwithstanding clause .1, a residential **dwelling**, a **child care centre**, a **hospital**, a **residential care home**, an **elementary** or **secondary school** that was legally existing on the day of the date of coming into effect of this By-law shall be a permitted **use** in accordance with the **lot** and **building** requirements of the applicable **zone**.

.3 For lands located north of Steeles Avenue, no **building** or **structure** shall be higher than 9.0 m above **established grade** if the **building** or **structure** is located within 178 m east of the easterly limits of Torbram Road.

Section 3.7: Mix of Uses

.1 Where more than one **use** is permitted in the applicable **zone**, the **lot** may be used for any combination of the permitted **uses**, except as otherwise specified in this By-law.

.2 Where any land or **building** is used for more than one purpose, all provisions of this By-law relating to each **use** shall be complied with.

Note: Where a zone permits multiple uses, those uses can generally be combined on a lot flexibly, including in the same building. However, this by-law includes some restrictions on how certain uses may be combined, as stated in the general provisions or in the zone requirements.

Section 3.8: Model Homes and Temporary Sales Offices

.1 **Model homes** and **temporary sales offices** shall be permitted in accordance with the following requirements:

.a the land is located within a proposed plan of subdivision or condominium that has been draft approved or is subject to a site plan that has received approval within the meaning of the *Planning Act* and the lands have been zoned to permit the associated development;

.b the **model homes** will comply with the requirements of this By-law with respect to the applicable **zone** and shall not be occupied for residential **use** until such time as the plan of subdivision or condominium has been registered within the meaning of the *Planning Act*; and

.c the number of **model homes** does not exceed 10% of the proposed number of **lots** or **dwelling units**, whichever is less, within the applicable plan of subdivision, Site Plan, or plan of condominium.

Section 3.9: Number of Buildings Per Lot

.1 Except where specifically prescribed in an applicable **zone**, this By-law shall not restrict the number of permitted **buildings** on one **lot**, provided all requirements of the By-law are complied with for each **building**.

.2 Notwithstanding Section 3.9.1, a maximum of one detached **dwelling**, **semi-detached dwelling**, **linked dwelling**, **duplex dwelling**, **triplex dwelling**, **fourplex dwelling**, or **street townhouse dwelling** is permitted per **lot**. This shall not apply to restrict the creation of any **additional residential unit** as may be permitted by this By-law.

Section 3.10: Permitted Yard Encroachments

.1 Every part of any minimum **yard** as required by this By-law shall be open and unobstructed by any **building** or **structure** from the ground to the sky except by:

.a **accessory structures** or components inclusive of drop awnings, clothes lines or poles, flag poles, garden trellises, fences, retaining walls, signs and other **structures** where they are specifically permitted in this By-law;

Note: This By-law typically requires minimum yards to be established, in which buildings and structures are not permitted and landscaping is provided. The permitted yard encroachments of Section 3.10 provide some exceptions to this, including allowing certain building components and features to encroach into the required yards for greater flexibility.

.b **landscaped decks**, provided they are not located higher than 0.6 m above grade; and

.c the **structures** listed in Table 3.10.1 which are permitted to project into the minimum **yards** indicated for the distances specified.

Section 3.11: Provisions for Uses Permitted in More than One Zone Category

The following provisions apply to specific **uses** where they are permitted by this By-law. The requirements of this Section shall be read in conjunction with all other requirements of this By-law. Where there is conflict, the more restrictive requirements shall apply.

Note: Certain uses are permitted across several different zone categories, and are subject to special restrictions. Section 3.11 provides special requirements for these uses. These requirements build upon the applicable zone requirements. All requirements would have to be met. The zones indicate where these uses are permitted if it is not stated in this section.

3.11.A Community Garden

Where permitted by this By-law, a **community garden** shall be in accordance with the following provisions:

.1 In any Residential Zone where the **community garden** is the principal use of the **lot**, any **buildings** and **structures** associated with the **community garden** shall be in compliance with the **yard requirements** of the **zone**. Where the **community garden** is an accessory **use** on a residentially zoned **lot**, the **buildings** and **structures** associated with the use shall be in accordance with the applicable requirements for **accessory buildings** and **structures**.

.2 In any **zone** other than a Residential Zone, any **buildings** and **structures** associated with the **community garden** shall be in

accordance with the **lot** and **building** requirements of the applicable **zone**.

.3 A **community garden** shall not include any **retail use**, except that a temporary outdoor market may be used to sell or trade the produce grown on the premises, provided the market does not exceed 60 days in any calendar year, and provided the temporary outdoor market is located no closer than 3.0 m from any **lot line** and does not include any permanent **structures**.

3.11.B Drive Throughs and Motor Vehicle Washing Facilities

Where permitted by this By-law, a **drive-through** associated with any **use** and any **motor vehicle washing facility** shall be in accordance with the following provisions:

.1 Notwithstanding the permitted **uses** of this By-law, a **drive-through** or **motor vehicle washing facility** shall not be permitted:

.a within 90 m of any **Boulevard** as shown on Schedule K, which shall be measured from any **lot line** abutting the **Boulevard** right-of-way; and

.b within any **Protected Major Transit Station Area** as shown on Schedule F.

.2 The minimum number of **stacking spaces** per **drive-through**, gas pump, bay or **structure** providing service shall be in accordance with Table 3.11.B.1.

Table 3.11.B.1 – Minimum Stacking Spaces

Use	Minimum Number of Stacking Spaces
Restaurant	10
Retail	3
Automatic **motor vehicle washing facility** (no stacking shall be required for a self-service **motor vehicle washing facility**)	8 (each facility)
Financial service	4
Gas bar	1 (each gas pump)
Any other commercial **use** providing service to patrons while they remain in their motor vehicle	3 (each service window/bay)

.3 The minimum dimensions of a **stacking space** shall be 3.0 m by 5.5 m.

.4 Minimum required **stacking spaces** shall be arranged in a continuous lane without interruptions from aisles, through **lanes**, **parking spaces**, **driveways**, or **loading spaces**.

.5 Minimum required **stacking spaces** shall be measured as follows:

.a **Stacking spaces** associated with any **restaurant** or **retail use** shall be measured from a point that is located 2.0 m beyond the middle of the **drive-through** window used to receive goods.

.b **Stacking spaces** associated with a **financial service** shall be measured from a point located 2.0 m beyond the middle of the drive-through bank machine.

.c **Stacking spaces** associated with a **motor vehicle washing facility** or a **use** where the patron drives the motor vehicle into a vehicular bay shall be measured from a point that is 2.0 m from the entrance to the service bay.

.d **Stacking spaces** associated with a gas bar shall be measured from a point that is located 0.3 m beyond the middle of the gas pump.

.6 No part of a **drive-through** shall be located within 15.0 m of any Residential zone, Mixed Use zone, Institutional zone, Park zone, or Open Space zone.

.7 No part of a **drive-through** or **stacking space** shall be located within a **parking area** or **driveway**.

.8 No part of a **drive-through** or **stacking space** shall be located within the **front yard** or **exterior side yard**.

3.11.C Home Occupations

Where permitted by this By-law, a **home occupation** shall be subject to the following provisions:

.1 In any **detached dwelling**, **semi-detached dwelling**, **linked dwelling**, **street townhouse dwelling**, or **cluster townhouse dwelling**, excluding any **additional residential unit**, a **home occupation** shall be permitted as **accessory** to each **dwelling unit** in accordance with the following:

.a A maximum of one **home occupation** is permitted per **dwelling unit**.

.b The **home occupation** shall be operated by the residents occupying the associated **dwelling unit**, plus a maximum of

Note: Two types of home occupations are contemplated in this By-law. Section 3.11.C.2 allows 'home offices' in conjunction with any dwelling unit. Section 3.11.C.1 allows a broader range of home occupation types in conjunction with certain types of dwelling units, such as detached dwellings, which have more space and direct access to the street.

one employee who does not reside in the associated **dwelling unit**.

.c A **home occupation** shall occupy a maximum of 25% of the **gross floor area** of the **dwelling unit**, and not exceeding 50 m^2. This area shall be measured to encompass areas devoted to the **home occupation** and shall not comprise other common areas such as hallways and washrooms which are not specifically devoted to the **home occupation**. The calculation shall also include all areas above and below grade that are used for the **home occupation**.

.d A **home occupation shall only be carried out within the dwelling unit or an enclosed attached** or **detached garage**.

.e The **home occupation** and **dwelling** shall meet the applicable minimum parking requirement of this By-law.

.f The sale of goods to customers on the premises or any other **retail use** shall be limited to items that are prepared within the area associated with the **home occupation**, or are goods that are directly related to the **home occupation**.

.g The **home occupation** shall have a maximum number of 2 clients at a time.

.h A **home-based child care use** shall be permitted as a home occupation, in accordance with Provincial legislation. A **home-based child care use** shall not be subject to the restriction of the number of clients under clause .g and the restriction on enclosure under clause .d. but shall meet Provincial requirements.

.i Music or dance instruction shall only be permitted within a **detached dwelling** and shall not be permitted to be located within a garage.

.j The **home occupation** shall not include any of the following:

.i Repair, modification, or servicing of motor vehicles;

.ii The preparation, processing, manufacturing, storing, handling, displaying, distribution or transportation of food for the purpose of sale or for resale at other locations;

.iii Operation or storage of heavy machinery;

.iv A medical office except that a **home occupation** for a **drugless medical practitioner** shall be permitted;

.v Any associated **outside storage**;

.vi The manufacturing, sale or service of any explosives, fuels, firearms, or otherwise hazardous or explosive substances; and

.vii Any **use**, which from its nature of operation, creates a nuisance or is liable to become a nuisance by the creation of noise, vibration, or by reason of the emission of gas, fumes, dust, glare or odour.

.2 A **home occupation** in the form of a home office shall be permitted in any type of **dwelling unit**, including any **additional residential unit**, subject to the following requirements:

.a The **home occupation use** shall be limited to a home office use.

.b The home office shall be limited to 15% of the **gross floor area** of the associated **dwelling unit**.

.c No persons shall be employed in the home office that does not reside in the **dwelling unit**.

.d The home office shall not include any clients, students, or visitors.

.e No exterior signage is permitted.

.f No goods, wares or merchandise shall be offered or exposed for sale or kept for sale on the premises.

.g The home office shall not create a nuisance by the creation of noise, vibration, or objectionable odour.

3.11.D Lodging Houses

Where permitted by this By-law, **lodging houses** shall be in accordance with the following provisions:

.1 a **lodging house** shall be located in a **detached dwelling** including any legally existing **detached dwelling**;

.2 the **lodging house** shall occupy the whole or part of the **detached dwelling**;

.3 a minimum separation distance of 305 metres shall be maintained between a **lodging house** and any other **lodging house**; and

.4 a **lodging house** shall comply with the requirements of the Lodging House Licensing Bylaw.

3.11.E Micro Manufacturing

Where permitted by this By-law, **micro manufacturing** shall be in accordance with the following provisions:

.1 A **micro manufacturing use** shall have an associated **retail** and/or **restaurant** component.

.2 Any proposed **accessory retail** shall be included in the calculation of total retail **gross floor area** for the purposes of meeting any applicable maximum amount of **retail uses**, as may be required by this By-law.

3.11.F Motor Vehicle Impound Yard

Where permitted by this By-law, a **motor vehicle impound yard** shall be in accordance with the following provisions:

.1 The **motor vehicle impound yard** shall include a permanent **building** on the site.

.2 The minimum **lot area** shall be 1,800 m^2.

.3 A **motor vehicle impound yard** shall be permitted only within lands that are located in the area bounded by Queen Street, Highway 410 Steeles Avenue and Kennedy Road.

.4 Notwithstanding the permitted **uses** of this By-law, a **motor vehicle impound yard** shall not be permitted:

3.11.G Motor Vehicle Service Station

Where permitted by this By-law, a **motor vehicle service station** shall be in accordance with the following provisions:

.1 No portion of a gas bar canopy or gas pump shall be located closer than 6.0 m from any **rear lot line** or **interior side lot line** and 15.0 m from any residential, institutional, mixed-use or open space **zone**.

.2 No portion of a gas bar canopy or gas pump shall be located closer to the **front lot line** and **exterior lot line** than the principal **building**.

.3 No underground or above ground storage tanks for fuel shall be permitted in any required **yard** that abuts any residential or mixed-use zone.

.4 Any gas bar shall also meet the applicable **stacking space** requirements of Section 3.11.B.

.5 Notwithstanding any other provision of this By-law, no **dwelling unit** shall be permitted on the same **lot** as the **motor vehicle service station**.

3.11.H Outside Display and Sales

Where permitted by this By-law, **outside display and sales** shall be in accordance with the following provisions:

.1 **Outside display and sales** shall be permitted as an **accessory use** only and there shall be a principal **building** on the **lot**.

.2 No portion of **outside display and sales** shall be permitted within any required **landscaped strip** or minimum required **landscaped open space**.

.3 The maximum **height** of an **outside display and sales area** shall be 3.0 m.

.4 The maximum **lot coverage** of an **outside display and sales area** shall be the lesser (more restrictive) of:

.a 10%; or

.b 25% of the **gross floor area** of the related principal commercial **use**.

.5 Section 3.11.H.4 shall not apply to an **outside display and sales area** associated with a **motor vehicle dealership**, **boat or recreational vehicle sales and service**, or **garden centre**.

3.11.I Place of Worship

Where permitted by this By-law, a **place of worship** shall be in accordance with the following provisions:

.1 Notwithstanding the **lot** and **building** requirements of the applicable **zone**, a **place of worship** shall be in accordance with the requirements in Table 3.11.I.1.

.2 Where any **lot** and **building** requirements are not specified in Table 3.11.I.1, the requirements of the **zone** shall apply.

.3 The parking requirements for **places of worship** in accordance with Chapter 4 of this By-law shall apply.

.4 Notwithstanding the permitted **uses** in Chapters 4-11, a **place of worship** may be permitted in any Mixed Use, Employment, or Commercial Zone, provided:

.a The **lot** is located within a **Protected Major Transit Station Area** as shown on Schedule F or is located within a Mixed Use Employment Designation, as shown in Brampton Plan;

.b The **place of worship** does not exceed 3,000 m^2; and

.c The **lot** is not located within the Lester B. Pearson International Airport Operating Area Overlay, shown on Schedule I.

.5 A maximum of one **accessory** residential **dwelling unit** shall be permitted in conjunction with a **place of worship** provided the **lot** and **building** meet the minimum requirements of this section. This restriction shall not apply to restrict the number or form of other **dwelling units** on the same **lot** in accordance with the applicable **zone**. The residential **dwelling unit** shall be permitted and shall:

.a meet the minimum **setbacks** and requirements of the applicable **zone**;

.b contain a maximum of 5 guest rooms; and

.c provide a minimum of 8 m^2 of outdoor **landscaped open space** that is exclusively available for use by the resident(s) of the **accessory** residential **dwelling unit**.

.6 Where abutting any Residential or Park zone, a minimum **landscape strip** with a width of at least 3.0 m shall be provided on any **interior side lot line** and **rear lot line**.

.6 A **restaurant patio** shall not be permitted within any **sight triangle**.

3.11.K Seasonal Garden Centre and Temporary Sales Tent

Where permitted by this By-law, any **seasonal garden centre** and any **temporary sales tent** shall be in accordance with the following provisions:

.1 The **seasonal garden centre** or **temporary sales tent** shall be prohibited within any required minimum **yard**.

.2 The **height** of any associated tent or **structure** shall be in accordance with the maximum **height** contained in the **zone** provisions.

.3 No additional parking shall be required for a **temporary sales tent** or **seasonal garden centre**, provided it operates for no more than 180 days in any calendar year.

.4 The **seasonal garden centre** or **temporary sales tent** is permitted to be located within any part of a **parking area**, provided it does not result in deficiencies in the required parking provision greater than 10% of the applicable minimum number of **parking spaces**.

Section 3.12: Reserves

.1 Any **front yard**, **rear yard** or **side yard** that is separated from a **street** by a **reserve** of less than 1 metre in width, owned by the City of Brampton, the Regional Municipality of Peel, or the Province of Ontario, shall be deemed to directly abut that **street** for the purposes of this By-law, except where the context of a specific section requires otherwise.

.2 Any **reserves** of 1 metre or less owned by the City of Brampton, the Regional Municipality of Peel, or the Province of Ontario, may be considered as part of the required minimum **front yard**, **rear yard** or **side yard** but shall not be considered with respect to meeting any other requirement of this By-law.

Section 3.13: Rooftop Mechanical Equipment

.1 Any **rooftop mechanical equipment** that is less than 0.5 m in **height** shall not be subject to the maximum **height** requirements of this By-law.

.2 **Rooftop mechanical equipment** shall not be included in the determination of meeting any minimum height requirement of this By-law.

.3 Notwithstanding Section 3.13.1, **rooftop mechanical equipment** used to house an elevator or similar structure shall not be subject to the maximum **height** requirements of this By-law, provided:

- .a the **height** of any **rooftop mechanical equipment** does not exceed 6.0 m;
- .b any part of **rooftop mechanical equipment** that exceeds 2.0 m in **height** shall be located at least 4.0 m from the edge of the roof; and
- .c the total coverage of **rooftop mechanical equipment** that exceeds 2.0 m in **height** shall not exceed 35% of the roof area on which the equipment is situated.

Section 3.14: Setbacks from Provincial Highways

.1 Notwithstanding any other provision of this By-law, the minimum required **setback** for any **building** or **structure** from any Provincial 400-Series Highway right-of-way inclusive of any on-ramps and off-ramps shall be 14.0 m.

Section 3.15: Setbacks from Rail Lines

.1 The minimum required **setback** for any **building** or **structure** from a **lot line** abutting any **rail main line** shall be 30.0 m.

.2 The minimum required **setback** for any **building** or **structure** from a **lot line** abutting any **rail spur line** shall be in accordance with the following:

- .a For any permitted **use** which utilizes the **rail spur line** for loading/unloading, this setback shall be 0.0 m.
- .b 15.0 m in all other cases.

Section 3.16: Setbacks from the TransCanada Pipeline Corridor

.1 The minimum required **setback** for any **building** or **structure** from the edge of the TransCanada pipeline right-of-way shall be 7.0 m.

.2 The minimum required **setback** for any **parking area** or **loading area** including any associated **parking spaces**, **bicycle parking spaces**, and any associated aisle or **driveway** to the edge of the TransCanada pipeline corridor shall be 7.0 m.

.3 The **setback** requirements of this section shall apply to all above and below grade **buildings** and **structures**.

Section 3.17: Sight Triangles / Daylight Triangles or Roundings

.1 On any **corner lot**, where no **daylight triangle or rounding** is provided, a **sight triangle** as defined by this By-law shall be required to be provided and maintained with the minimum dimensions of 5.0 m by 5.0 m measured from the projected **point of intersection** of the **lot lines** abutting the **streets** and by joining those two points, creating a triangular area.

.2 No landscaping, planting, tree, or any type of **structure** greater than 0.8 m in height shall be permitted within any portion of a required **sight triangle**.

.3 No part of a **driveway** or **parking area** shall be permitted within a required **sight triangle**.

.4 No **building setback** shall be required to a **sight triangle** unless otherwise specified in this By-law.

.5 Notwithstanding the provisions of this section, eaves shall be permitted to encroach into a required **sight triangle** by up to 0.6 m, provided the feature is located at least 2.0 m above grade.

Section 3.18: Through Lots

.1 One of the **front yards** of a **through lot** shall be designated by the authorized person(s) designated to administer this By-law under Section 1.3 as the **rear yard**.

Section 3.19: Uses, Buildings and Structures Permitted in All Zones

The following **uses**, **buildings** and **structures** shall be permitted in all **zones** and are not subject to the requirements of this By-law:

.1 A **public use** including an **accessory use** thereto owned or leased by the Corporation of the City of Brampton is permitted in all zone categories and is not subject to requirements and restrictions applicable to any **zone**.

.2 A **public use** providing emergency health care service or protection, including **accessory uses** thereto, owned or leased by the Region of Peel (including Peel Regional Police) is permitted in all Agricultural, Employment, Institutional, Mixed Use and Commercial zone categories and is subject only to the landscaping and **outside storage** requirements and restrictions applicable to the zone category in which the **use** is located and to the following requirements and restrictions:

.a The minimum **yard** (all **yards**) shall be 1.0 m.

.b Notwithstanding .a, the minimum **yard** abutting any Residential zone shall be 4.5 m.

.3 Temporary **uses**, **buildings** and **structures** associated with construction in progress on the same **lot**, provided:

.a a building permit has been issued where a building permit is required for the work being undertaken; and

.b the **uses**, **buildings** and **structures** associated with construction in progress are temporary and shall be removed at such time as construction activities are finished or have been discontinued for more than 120 days.

.4 **Conservation uses**.

.5 Trails, walkways and similar **passive recreation** features and associated **structures**.

.6 Temporary **uses**, **buildings** or **structures** associated with filming and multimedia content creation, subject to meeting any applicable other By-laws.

.7 Electric vehicle charging structures and associated electrical utilities, excluding any associated **parking space** which shall be subject to the provisions of this By-law.

Note: Certain uses, buildings and structures are allowed in any zone and not subject to the requirements of this By-law. This includes some public uses, certain infrastructure, and other minor structures and features as described in this section.

.8 **Soft landscaping** landform features and **permeable surfaces**, including but not limited to bioswales, rain gardens and infiltration trenches are permitted in all **zones** and not subject to the requirements of this By-law.

.9 Notwithstanding any other provision of this By-law, the requirements of this By-law shall not apply to the **use** of any land, or the **erection** or **use** of any **building** or **structure** by a **public authority** or a private company that is regulated by a **public authority** for the purpose of an **energy generation facility**, **infrastructure**, telecommunications or communication infrastructure, wayside pit, wayside quarry, or any **structure** required for the purpose of flood control or shoreline erosion mitigation, subject to the following provisions:

.a Other than an electric power transmission line, the size, **height**, **lot coverage** and **yard** regulations required for the **zone** in which such land, **building**, **structure**, plant, or equipment is located shall be complied with except for a facility less than 1.0 m^2 in area and 2.0 m in **height**, which may be located not less than 3.0 m from a **public street** and 1.5 m from any other **lot line**;

.b No goods, material or equipment may be stored in the open in a Residential or Mixed-use Zone or in a **yard** abutting a Residential or a Mixed-use Zone;

.c Any parking and loading regulations prescribed for these **uses** shall be complied with;

.d Areas not used for parking, **driveways** or storage shall be landscaped; and,

.e All electric power facilities of hydro utility providers legally existing on the effective date of this By-law shall be deemed to comply with the requirements and restrictions pertaining to the applicable **zone**.

Section 3.20: Waste Storage

.1 In any **zone**, waste shall be stored within a fully enclosed **building** or within a **waste storage enclosure** or **in-ground waste storage structure** in accordance with the following provisions:

.a A **waste storage enclosure** shall be screened by a wall or fence, or alternatively waste shall be stored in an **in-ground waste storage structure**.

.b The **waste storage enclosure** or i**n-ground waste storage structure** shall not be permitted in the **front yard** or the required minimum **exterior side yard**.

.c The **waste storage enclosure** or **in-ground waste storage structure** shall be located at least 3.0 m from any **interior side lot line** or **rear lot line**.

.d No part of a **waste storage enclosure** shall be permitted within any required **landscaped strips**.

.e A **waste storage enclosure** or **in-ground waste storage structure** shall be located at least 15.0 m from any **lot line** abutting any Residential, Institutional, Park or Open Space zone.

.2 Notwithstanding Section 3.20.1, any **restaurant use** shall be required to store waste in a climate-controlled **building** or portion thereof, or within an **in-ground waste storage structure** in accordance with the applicable requirements of Section 3.20.1.

Section 3.21: Refreshment Vehicles

.1 The provisions of this By-law shall not apply to prevent a **refreshment vehicle** from operating on any lands zoned Commercial, Mixed Use, Institutional, or Employment, including lands zoned Commercial, Mixed Use, Institutional, or Employment that are subject to an Exception Zone under Chapter 12, provided that:

.a the **refreshment vehicle** is parked for the purpose of operating with the consent of the landowner;

.b the **refreshment vehicle** is not parked on any area of the **lot** required for parking, loading, **driveway**, **parking aisle** or **landscaped open space**;

.c when located in an area intended for non-required motor vehicle parking, the **refreshment vehicle** shall be deemed to occupy a total of 3 **parking spaces**, and may not exceed a maximum area of 3 non-required **parking spaces**;

.d for the purpose of this section, a **refreshment vehicle** shall not be deemed to be an **oversized motor vehicle** or **outside storage** and is not subject to the applicable requirements and restrictions of Section 5.2.M or Section 8.2.F as may be applicable.

.e the **refreshment vehicle** shall also operate in accordance with the requirements of the City of Brampton Licensing for Mobile Businesses By-law, as amended.

Chapter 4: Parking and Loading Standards

Section 4.1: Parking Space Requirements

Note: The requirements of the Parking and Loading section apply to all zones. This includes minimum and maximum parking spaces, as well as requirements for bicycle parking and loading facilities.

4.1.A Parking Ratios

.1 No **person** shall **erect**, enlarge, or change the **use** of a **lot**, **building**, or **structure** unless **parking spaces** are provided and maintained in accordance with the minimum and maximum parking space requirements contained in Table 4.1.1.

.2 This By-law places all lands subject to this By-law into Parking Regulation Areas shown on Schedule G. In accordance with Table 4.1.1, minimum and maximum parking supply requirements are calculated using the ratios listed for the applicable Parking Regulation Area. For the purposes of this By-law, the following nomenclature may be used:

- .a Parking Regulation Area 1 or PRA1;
- .b Parking Regulation Area 2 or PRA2; and
- .c Parking Regulation Area 3 or PRA3.

.3 Where the calculation of minimum or maximum **parking spaces** in accordance with Section 4.1 and Table 4.1.1 results in a fraction, the required number of **parking spaces** shall be rounded up to the next highest whole number.

.4 Where there are multiple **uses** on the **lot**, the requirements of Table 4.1.1 shall apply cumulatively to each use on the **lot**.

.5 Notwithstanding the requirements of Table 4.1.1, no minimum parking shall be required in any **Protected Major Transit Station Area**, as shown on Schedule F.

4.1.B Parking Spaces to be Provided on the Same Lot

.1 The minimum required number of **parking spaces** in accordance with Section 4.1.A shall be provided on the same **lot** as the **use**, **building** or **structure** in which the **use** is located.

4.1.C Shared Parking Spaces

.1 Notwithstanding Table 4.1.1, on any **lot** where **parking spaces** are required to be provided on a **lot** for both residential visitor parking and for **non-residential uses**, the minimum number of total required **parking spaces** for combined residential visitor parking and **non-residential uses** shall be the greater of the minimum residential visitor parking requirement or the minimum **parking spaces** required for the **non-residential uses** as required by Table 4.1.1.

Note: Where a mix of uses is provided on the same lot, the shared parking provision allows for fewer parking spaces to be provided, recognizing that they will be shared by different uses at different times of the day.

Section 4.2: General Parking Space and Parking Area Requirements

4.2.A Minimum Parking Space Dimensions

.1 An angled **parking space** shall be maintained as an unobstructed rectangular area measuring not less than 2.7 m in width and 5.4 m in length.

.2 A parallel **parking space** shall be an unobstructed rectangular area measuring not less than 2.7 m in width and 6.5 m in length, the long side of which is parallel to the associated **parking aisle**.

.3 Notwithstanding the provisions above, a **parking space** shall be permitted to be partially encroached by a **structure** in accordance with the following provisions:

.a The encroachment is a utility box, electric vehicle supply equipment, column, wall, HVAC equipment, fence or similar structure.

.b The encroachment does not exceed 1.0 m^2 in area.

.c The **parking space** is designated as a **parking space** that is suitable for compact vehicles within common **parking areas**.

.4 A required minimum **parking space** shall have a minimum height clearance of 2.0 m. Notwithstanding this requirement, pipes and other elements shall be permitted to encroach into this clearance by a maximum of 0.2 m.

4.2.B General Parking Aisle and Driveway Requirements

.1 The minimum distance between any **driveway** and a **point of intersection** of projected **street lines** shall be 6.0 m.

.2 Every **parking space** shall have access via a **parking aisle** or from a **driveway** that is maintained as an unobstructed area designed to provide access to **parking spaces**.

.3 Notwithstanding Section 4.2.B.2, **tandem parking** shall be permitted where **parking spaces** are allowed on any **driveway** or in a **private garage**. **Tandem parking** shall only be permitted within a **parking area** including any **parking structure** if the **parking spaces** are legally tied to the same **dwelling unit**.

.4 Notwithstanding Section 4.2.B.2, up to 50% of required **parking spaces** provided in conjunction with a **motor vehicle repair shop** are permitted to be **tandem parking**.

.5 The minimum width of a **driveway** providing access to a **parking area** shall be a minimum width of 3.0 m for one-way traffic, and a minimum width of 6.0 m for two-way traffic.

.6 The minimum width of a **parking aisle** shall be in accordance with Table 4.2.1.

Table 4.2.1 – Minimum Parking Aisle Width

Angle of Parking	Minimum Parking Aisle Width
Up to 50 degrees	4.0 m
50 degrees to 70 degrees	5.5 m
70 degrees and up to and including 90 degrees	6.6 m

4.2.C Landscaped Strips Required in Parking Areas

.1 Where any **surface parking area** is provided on a **lot** in any **zone**, **landscaped strips** shall be provided as follows:

.a Where the **parking area** is located in a **rear yard** or **interior side yard** abutting any Residential, Mixed Use, Open Space, Park or Institutional zone, a **landscaped strip** shall be

required with a minimum width of 3.0 along the **rear lot line** or **interior side lot line**. The **landscaped strip** shall be required to incorporate opaque screening through fences or landscaping with a minimum **height** of 1.0 m.

.b Where the **parking area** is located in a **yard** abutting a **street**, a **landscaped strip** having a minimum width of 4.5 m shall be provided along the **street line**.

Section 4.3: Parking Structures

.1 Any portion of an above-grade **parking structure** shall be subject to the **lot** and **building** requirements that are applicable to the main **buildings** on the **lot** and any applicable requirements of the **zone**.

.2 The minimum **setback** of an underground **parking structure** shall be 0.0 m from any **lot line**. Any vehicular or pedestrian entrance providing access to an underground **parking structure** shall be subject to the **lot** and **building** requirements of the **zone** in which the **parking structure** is located.

Section 4.4: Bicycle Parking Requirements

4.4.A Required Number of Bicycle Parking Spaces

.1 No **person** shall **erect**, enlarge, or change the **use** of a **lot**, **building**, or **structure** unless the number of **bicycle parking spaces** is provided in accordance with Table 4.4.1. These requirements shall only apply to new **gross floor area**, new **dwelling unit**s, and new **buildings** that did not legally **exist** on the effective date of this By-law.

.2 Where the calculation of minimum **bicycle parking spaces** in accordance with Section 4.4.A results in a fraction, the required minimum number of **bicycle parking spaces** shall be rounded up to the next highest whole number.

.3 Notwithstanding the requirements of Table 4.4.1, development consisting of fewer than 10 **dwelling units** and or less than 1,000 m^2 of **gross floor area** of **non-residential uses** shall be exempt from providing **bicycle parking spaces**.

.4 Where there are multiple **uses** on the **lot**, the requirements of Table 4.4.1 shall apply cumulatively to each use on the **lot**.

Public or Private **Elementary or Secondary School**	No requirement	2 per classroom (no requirement shall apply to portable classrooms)
Other **uses** not listed in this table	No requirement	No requirement

4.4.B Location of Bicycle Parking

.1 Bicycle parking shall be located on the same **lot** as the **use** for which it is required.

.2 Required **bicycle parking spaces** shall not be located in a **dwelling unit**, storage locker, or on a **balcony**.

.3 **Long-term bicycle parking spaces** shall be contained within an enclosed **building** or an enclosed **structure** including a bicycle locker.

.4 **Short-term bicycle parking spaces** and **long-term bicycle parking spaces** are permitted to be located in any required minimum **yard** but shall not be closer than 0.6 m to any **lot line**.

.5 **Short-term bicycle parking spaces** shall be accessible by an unobstructed walkway or pathway that is connected to the **public street**.

.6 Where four or more **short-term bicycle parking spaces** are provided outdoors in any **yard**, each space must contain a parking rack or similar structure that allows the bicycles to be securely attached.

4.4.C Bicycle Parking Space Dimensions

.1 A maximum of 50% of the required **bicycle parking spaces** shall be permitted to be vertical spaces, and the rest shall be horizontal **bicycle parking spaces**.

.2 All required **bicycle parking spaces** shall be accessible by an unobstructed aisle with a width of at least 1.5 m.

.3 The minimum dimensions for **bicycle parking spaces** shall be in accordance with Table 4.4.2.

Table 4.4.2 – Bicycle Parking Space Dimensions

Type of Bicycle Parking Space	Minimum Dimensions	
Horizontal **Bicycle Parking Space**	Width (m):	0.6
	Length (m):	1.8
	Vertical Clearance (m):	2.0
Vertical Mounted **Bicycle Parking Space**	Width (m):	0.5
	Length (m):	1.6
	Vertical Clearance (m):	2.0
Stacked **Bicycle Parking Space**	Vertical Clearance (m):	1.2

Section 4.5: Loading Requirements

.1 No **person** shall **erect**, enlarge, or change the **use** of a **lot**, **building**, or **structure** unless the minimum number of **loading spaces** is provided in accordance with Table 4.5.2.

.2 A **loading space** is not required where the **use** is not explicitly listed in Table 4.5.2.

.3 The minimum dimensions of any Type 1 and Type 2 **loading space** shall be in accordance with the requirements of Table 4.5.1.

.4 A **loading space** shall be accessible by a **driveway** or **parking aisle** that is at least 6.0 m in width from the **street** or **lane** to the **loading space.**

.5 No part of a **loading space** shall be permitted in:

.a Any **front yard**;

.b Any required minimum **yard**; and

.c Within any **parking space** or **parking aisle**.

.6 **Loading spaces** shall be provided on the same **lot** as the associated uses.

Section 5.2: General Regulations for Residential Zones

5.2.A Above Grade Entrances

.1 An at or above grade door located on a side wall of a **single detached**, **semi-detached**, or **townhouse dwelling** shall only be permitted when:

.a the **side yard** within which the door is located has a minimum width of 1.2 m extending from the **front wall** of the **dwelling** up to and including the door; or

.b the **side yard** within which the door is located has a minimum width of 1.2 m extending from the rear wall of the **dwelling** up to and including the door, provided that a continuous **side yard** width of not less than 1.2 m is provided on the opposite side of the **dwelling**.

.2 Any steps or landings for a side entrance shall ensure there is an unobstructed path of travel with a minimum width of 0.9 m within the **interior side yard**.

5.2.B Accessory Buildings and Structures in Residential Zones

In any Residential Zone, **accessory buildings** and **structures** excluding **detached private garages** or **carports**, detached **additional residential units** (**garden suites**), and **swimming pool enclosures** shall be subject to the following provisions:

.1 A maximum of 2 **accessory buildings** shall be permitted on a **lot**.

.2 Any **accessory building** or **structure** that is **attached** to the main **dwelling** shall not be subject to the provisions of this subsection but shall be subject to the **yard** and **setback** requirements in the applicable **zone**.

.3 An **accessory building** or **structure** is prohibited to be constructed in any part of the **front yard**, the required minimum **exterior side yard**, or in the minimum required **interior side yard** specified in the applicable **zone**.

.4 An **accessory building** or **structure** shall be subject to the following minimum **setback** requirements:

.a Where the **accessory building** or **structure** is located in the **rear yard**, it shall be located at least 0.6 m from all **lot lines**.

.b Where the **accessory building** or **structure** is located in the **interior side yard**, it shall be located at least 3.0 m behind the **front wall** of the main **building**.

.c Notwithstanding the requirements above, the minimum **setback** for an **accessory building** or **structure** in the **rear yard** shall be 1.2 m from the closest **lot** in any RE or RH zone or subzone.

.5 **Habitable space** shall be prohibited within any **accessory building** or **structure** except where specifically allowed by this By-law.

.6 No **accessory building** or **structure** shall be constructed upon any easement.

.7 A **Quonset hut**, **intermodal shipping container** or transport trailer shall not be used as an **accessory building** or **structure** in any Residential zone.

.8 Any **accessory building** or **structure** used in whole or in part for the purpose of keeping more than 2 pigeons shall be **setback** a minimum of 6.1 metres from any **dwelling unit**, **school**, or any **building** used for residential, institutional or commercial purposes, except where such **dwelling** or **building** is occupied exclusively by the property owner or keeper of the pigeons and other persons residing in the same **dwelling unit**.

.9 The maximum **height** of an **accessory building** or **structure** in any Residential Zone shall be in accordance with Table 5.2.B.1.

Table 5.2.B.1 – Maximum Height for Accessory Buildings and Structures in any Residential Zone

Zone	Maximum Height
Any Residential zone, except Residential Estate	3.0 m
Residential Estate zone	4.0 m

.10 Notwithstanding Table 5.2.B.1, one open-sided shade structure, gazebo or pergola shall be permitted on a **deck**, **porch** or **balcony**, provided that:

.a the **height** of the open-sided shade **structure**, gazebo or pergola does not exceed 3.0 metres in **height** when measured from the walking surface of the **deck**, **porch** or **balcony**;

.b the **structure** is open to the air and not screened within at least 40% of the perimeter of the **structure**;

.c the **structure** is no greater than 10 m^2 in area.

.11 The **gross floor area** of **accessory buildings** and **structures** on a **lot** in any Residential Zone shall be subject to the requirements of Table 5.2.B.2. These requirements shall not apply to any **garden suite** or detached **private garage**.

Residential Estate Zone	23.0 m^2	40.0 m^2
R3 Zones	No requirement	No requirement

5.2.C Additional Residential Units

Where permitted by this By-law, **additional residential units** shall be in accordance with the following provisions:

.1 An **additional residential unit** shall only be permitted on the same **lot** as a principal **detached dwelling**, **linked dwelling**, a **semi-detached dwelling**, or a **townhouse dwelling** where the principal **dwelling** is contained on an individual **lot**. For clarity, **additional residential units** shall not be permitted in conjunction with any attached units, including **semi-detached dwellings** and **townhouse dwelling**, that are not on individual **lots**.

.2 A maximum of 2 **additional residential units** are permitted per residential **lot** which may include either:

.a One **attached additional residential unit** and one **garden suite** in accordance with the requirements of this Section; or

.b Two **attached additional residential units**.

.3 An **additional residential unit** shall not be permitted within or on the same **lot** as a **lodging house** or **supportive housing residence**.

.4 A **lot** containing any **additional residential unit** shall have a maximum of one **driveway**, including a **semi-circular driveway** connected between two access points.

.5 An **additional residential unit** shall not be permitted within a Natural System Zone or Open Space Zone or otherwise as prohibited by this By-law.

.6 Notwithstanding any **lot coverage** requirement of this By-law, on any lot where an **additional residential unit** is located, the maximum **lot coverage** shall be the greater of 45% or the specified requirement.

.7 Notwithstanding any **floor space index** requirement of this By-law, on any lot where an **additional residential unit** is located, no maximum **floor space index** shall be required.

.8 In addition to the parking required for the principal **dwelling unit**, one additional **parking space** shall be provided on **lots** containing more than one **additional residential unit** and all required **parking spaces** shall be located on the same **lot**.

.9 No additional **parking space** is required for a **lot** containing only one **additional residential unit**.

.10 Notwithstanding the provisions of Section 4.2, each **parking space** on a residential **lot** used in conjunction with an **additional residential unit** shall be not less than 2.6 metres in width and 5.4 metres in length.

.11 **Tandem parking** spaces shall be permitted.

.12 An **additional residential unit** shall be subject to the applicable Registration By-law.

.13 The following requirements shall apply to **attached additional residential units**:

.a Where the principal entrance to an **attached additional residential unit** is provided through a door located in the **side yard** or **rear yard**, the following shall apply:

.i An unobstructed pedestrian path of travel having a minimum width of 1.2 m shall be provided along any portion of the **yard** extending from the **front wall** of the **building** to the door used as the principal entrance to an attached **additional residential unit** unless the principal entrance to the **attached additional residential unit** has direct unobstructed access having a minimum width of 1.2 m from a **public street** or private **lane** at the rear of the property. A window well shall not encroach into the minimum unobstructed path of travel.

.ii A minimum landing area or **landscaped deck** of 0.9 m by 0.9 m shall be provided in front of the door and shall be unobstructed and used for entry into the unit.

.b An above grade side door meeting the minimum 1.2 m path of travel requirement used as the principal entrance to an **attached additional residential unit** may be accessed by a landing or **landscaped deck** less than 0.6 m above ground level. Steps shall be provided at both the front and rear of the landing as may be necessary to provide pedestrian access from the **front yard** to the **rear yard**.

.14 Any entrance or secondary egress to/from an **additional residential unit** shall not be located within a **swimming pool** enclosure.

.15 A **garden suite** shall also be in accordance with the following requirements:

.a A **garden suite** shall only be permitted in the **rear yard** or **interior side yard** of a **lot** containing a principal **dwelling**.

.b The **gross floor area** shall not exceed 100 m^2 where the **garden suite** is in conjunction with a **detached dwelling**, and 50 m^2 in all other cases.

.c The minimum **rear yard setback** shall be 1.2 m, except that 3.0 m shall be required for any portion of the **building** that is above 3.0 m in **height**.

.d The minimum **interior side yard setback** shall be 1.2 m, except that 3.0 m shall be required for any portion of the **building** that is above 3.0 m in **height**.

.e The minimum separation distance between any wall of the **garden suite** and any **main wall** of the principal **dwelling** shall be 4.0 m.

.f The **height** of a **garden suite** shall not exceed:

.i 7.5 m or the **height** of the principal **building**, whichever is less, on a **lot** in a Residential Hamlet, or Residential Estate zone; and

.ii 6.0 metres or the height of the principal **building**, whichever is less, on a **lot** with a **detached dwelling**, and 4.5 m on a **lot** with a **townhouse** or **semi-detached dwelling**.

.g A **garden suite** shall be permitted above a **detached garage** including a rear **lane** garage, provided:

.i The overall **height** of the **building** containing the **detached garage** and **garden suite** does not exceed 7.5

m or the **height** of the principal **dwelling**, whichever is less.

.ii There are no windows, other than **clerestory windows**, facing adjacent residential **lots** within 3.0 m of the **interior side lot line** or **rear lot line**.

.iii A minimum **interior side yard setback** of 0.0 m shall be permitted where the **garden suite** is attached to another **additional residential unit** on a common vertical wall above a **private garage** that is **attached** to another **private garag**e on a separate **lot**.

.iv The **detached** garage and **garden suite** shall be accessed by a door on the **ground floor** and interior stairs leading to the garden suite. Access stairs exterior to the garage shall not be permitted.

.h The permitted **yard** encroachments as provided by Section 3.10 shall not apply to **garden suites**. Further encroachments into the required minimum **rear yard** set out in subsection 5.2.C.15.c or into the **building** separation distance set out in subsection 5.2.C.15.e shall be permitted for a **garden suite** as follows:

.i Maximum 0.6 m to a maximum width of 3.0 m for a **bay, bow, or box window** without foundation;

.ii Maximum 0.5 m for eaves, cornices, gutters, chimneys, pilasters or parapets; and

.iii Maximum 0.9 m for an open sided, roofed **porch** or **deck**.

.i **Balconies** and roof top patios including any **deck** or similar **structure** above a garage or a **garden suite** shall not be permitted.

.j A minimum 1.2 m wide unobstructed pedestrian path of travel shall be provided along any portion of the **yard** extending from the **front wall** of the principal **dwelling** to the main entrance of the **garden suite**, unless the **garden suite** has direct unobstructed access having a minimum width of 1.2 m from a **public street** or private **lane** at the rear of the property. The path of travel shall also not cross into or be obstructed by a **swimming pool** enclosure or any other **accessory structure**.

.k A **garden suite** is permitted within an **intermodal shipping container** that has been converted to a habitable **dwelling unit**.

5.2.D Attached Private Garage and Carport Requirements

The following provisions are applicable to any **attached private garage** and **carport**, and are not applicable to a **parking area** or **parking structure**:

.1 The requirements of this section shall only apply to **attached private garages** and **carports**. An **attached private garage** shall be subject to the requirements of the zone and this section, whichever is more restrictive.

.2 Where a **private garage** or **carport** is **attached** to a **dwelling unit**, it shall not be considered an **accessory building** and shall be subject to the requirements of the applicable **zone** and any other requirements of this By-law applicable to **attached private garages** or **carports**.

.3 Notwithstanding minimum **parking space** dimensions under Section 4.2.A, a **parking space** with a minimum depth of 6.0 m shall be provided in front of the **attached private garage** or **carport** opening. This requirement shall not apply to any garages accessed by a rear **lane** or a **private street** at the rear of the **lot**.

.4 A garage door or **carport** opening shall have a maximum clearance height of 4.0 m.

.5 The garage door opening shall be located at least 1.0 m further from the **street line** than the **porch** or **main wall** of the principal **dwelling**, whichever is closer to the **street**. This requirement shall not apply to any garages accessed by a rear **lane** or a **private street** at the rear of the **lot.**

.6 On any **lot** with a width less than 12.0 m, the maximum width of any **attached private garage** shall be 65% of the width of the associated **dwelling**, except that in no case shall an **attached private garage** be required to be less than 3.1 m in width. This requirement shall not apply to any garages accessed by a rear **lane** or a **private street** at the rear of the **lot**.

.7 On any **lot** with a width equal to or greater than 12.0 m, the maximum width of any **attached private garage** shall be 60% of the width of the associated principal **dwelling**. This requirement shall not apply to any garages accessed by a rear **lane** or a **private street** at the rear of the **lot**.

.8 For **dwellings** that are 6.0 m or less in width, the interior space of an **attached private garage** shall have a rectangular area not less than 2.9 m by 6.1 m with no more than a two-step encroachment into the minimum length wise and a one step encroachment into the minimum width wise.

.9 For **dwellings** that are greater than 6.0 m in width, the interior space of an **attached private garage** shall have a rectangular area not less than 3.1 m by 6.1 m with no more than a two-step encroachment length wise and a one step encroachment width wise.

.10 No parking shall be permitted on any part of a **lot** except within a **parking space**.

5.2.E Below Grade Stairs and Windows

.1 For any **detached**, **semi-detached**, **duplex**, **townhouse dwelling** or **triplex dwelling**, exterior stairways constructed below the **established grade** shall not be located in a required **side yard** or **front yard**.

.2 Notwithstanding section 5.2.E.1, for a **detached dwelling**, with or without an **additional residential unit**, exterior stairways constructed below the **established grade** shall be permitted in a required **interior side yard**, provided that a continuous **side yard** width of not less than 1.2 m is provided on the opposite side of the **dwelling** and a minimum setback of 0.3 m to the below grade stairway is maintained.

.3 A below grade window shall not be permitted where the **interior side yard** is less than 1.2 metres.

5.2.F Commercial Uses in the Residential Zones

.1 Other than a **home occupation**, any permitted commercial **uses** in the Residential zones as per Section 5.1.A shall be in accordance with the following:

.a Each unit does not exceed 200 m^2 in **gross floor area**;

.b Commercial **uses** are located within the **ground floor** only; and

.c The total combined **gross floor area** shall not exceed 10% of the **gross floor area** of the residential **uses**, whichever is less.

.2 Permitted commercial **uses** shall not include any **drive-through** facility, **restaurant patio**, **outside display and sales**, or **outside storage**.

5.2.G Common Amenity Area Requirements

.1 **Common amenity area(s)** shall be provided for any **apartment dwelling units**, **cluster townhouse dwelling**, **stacked townhouse dwelling units**, **podium townhouse dwelling**, **back-to-back townhouse dwelling** and **stacked back-to-back townhouse dwelling** in accordance with this Section.

.2 The minimum **common amenity area** requirement shall be 5.0 m^2 per **dwelling unit**. Notwithstanding Section 5.2.G.1, a proposed development consisting of less than 8 **dwelling units** on a **lot** shall not be required to provide **common amenity area**.

.3 The required minimum **common amenity area** shall be located on the same **lot** as the associated **dwelling units**.

.4 The minimum **common amenity area** shall include at least one contiguous outdoor amenity area of a minimum 50 m^2 of amenity area with a minimum width of at least 5.0 m.

.5 The minimum common contiguous outdoor amenity area required by Section 5.2.G.4 shall be located at grade.

.6 Private amenity areas and spaces including private **balconies** and other areas accessed by individual units shall not be included in the calculation of **common amenity area** requirements.

5.2.H Detached Private Garages or Carports

.1 A maximum of one **detached private garage** or **carport** shall be permitted on any **lot** in a Residential zone.

.2 A **detached private garage** or **carport** shall only be permitted where there is no **attached private garage** or **carport**.

.3 A **detached private garage** shall not be permitted in any part of the **front yard**.

.4 A **detached private garage** shall not be permitted in the required minimum **exterior side yard**.

.5 A **detached private garage** or **carport** shall be located no closer than 1.0 m to the main **building** on the **lot**.

.6 A **detached private garage** shall be located at least 1.0 m further from the **street line** than the **main wall** of the **principal dwelling**.

This shall not apply to a **detached private garage** accessed by a rear **lane**.

.7 The maximum **gross floor area** of a **detached private garage** or **carport** in a Residential zone, exclusive of any permitted **additional residential unit**, shall be the lesser (more restrictive) of:

.a 80.0 m^2; or

.b 15% of the **lot area**.

.8 The interior dimensions of a **detached private garage** or **carport** shall have a minimum rectangular area of 2.9 m by 5.5 m.

.9 The maximum **height** of a **detached private garage** or **carport** is 4.5 m. This shall exclude any portion of the **building** that is associated with a permitted **additional residential unit**.

.10 A **detached private garage** or **carport** shall be located no closer than 0.6 m to any **interior side lot line** and 0.6 m from any **rear lot line**.

.11 Notwithstanding 5.2.H.10, a **detached private garage** or **carport** shall be permitted to be **attached** to a **detached private garage** or **carport** on an abutting **lot** in any Residential zone. Where this is the case, the **detached private garage** or **carport** shall be permitted to have a minimum **interior side yard setback** or minimum **rear yard setback** of 0.0 m where applicable to permit the attachment, provided they share one common wall along the common **lot line** and are constructed as one **building**.

.12 The opening of a **detached private garage** shall be located at least 6.0 m from the **exterior side lot line** or **front lot line** from which it receives access. This shall not apply to a **detached private garage** accessed by a rear **lane**.

.13 A **Quonset hut**, **intermodal shipping container** or transport trailer shall not be used as a **detached garage** or **carport** in any Residential Zone.

5.2.I Driveway Requirements for the Residential Zones

.1 The applicable requirements of Section 4.2.B shall also apply to **driveways** in Residential zones, in addition to the requirements of this section.

.2 For the purpose of this Section, the width of a **driveway** shall be measured perpendicular to the intended path of travel along the **driveway** and the requirements for minimum and maximum width

shall extend uniformly across the entire length of the **driveway** and shall include any surfaced walkway or path of travel that is capable of being parked upon by the whole or a part of a motor vehicle.

.3 A maximum of one (1) **driveway** opening is permitted per **lot** except where a **semi-circular driveway** is permitted in accordance with this Section.

.4 Where **parking spaces** are required or provided on an individual **lot** on a residential zone except within an R3, RE or RH zone or subzone, and not subject to section 5.2.I.5 below, a **driveway** shall have a minimum width of 3.0 m and a maximum width of:

.a 4.9 m on **lots** having a **lot width** less than 8.23 m;

.b 5.5 m on **lots** having a **lot width** equal to and greater than 8.23 m but less than 9.14 m;

.c 7.0 m on **lots** having a **lot width** equal to and greater than 9.14 metres but less than 15.24 metres;

.d 7.32 metres, or the width of the garage, whichever is greater, on **lots** having a **lot width** equal to and greater than 15.24 metres but less than 18.3 metres;

.e 9.14 metres, or the width of the garage, whichever is greater, on **lots** having a **lot width** equal to and greater than 18.3 metres;

.f 7.0 metres, or the width of the garage, whichever is greater, for driveways on the **exterior side lot line** on any **lot**.

.5 Within the Driveway Regulation Area shown on Schedule H, where **parking spaces** are required or provided on an individual **lot** for **detached** or semi-**detached dwellings**:

.a The **driveway** shall have a minimum width of 3.0 m.

.b For **lots** having a **lot width** of less than 22.0 m:

.i The maximum **driveway** width shall be 6.0 m provided that the **driveway** does not exceed 50% of the area of the **yard** in which it is located.

.ii The **driveway** may be tapered to increase the width to equal the width of the garage within 6.0 m of the garage opening. The tapering of the **driveway** shall not extend beyond a straight line connecting the edge of the garage opening and a point 6.0 m from the garage opening.

.c For **lots** having a **lot width** equal to or greater than 22.0 m:

.i The maximum **driveway** width shall be 8.5 m or the width of the garage, whichever is greater, only within 6.0 m of the garage opening, or front of the **dwelling** if there is no garage;

.ii The **driveway** may be tapered to increase the width to equal 8.5 m, or the width of the garage if greater, within 12.0 m of the garage opening. The tapering of the **driveway** shall not extend beyond a straight line connecting two points located 6.0 m and 12.0 m from the garage opening; and,

.iii The **driveway** shall not exceed a width of 6 m between the **street** and a point measured 12.0 m from the garage opening, or wall of the **dwelling** if there is no garage.

.d For a **driveway** leading to a detached garage in the **rear yard**, notwithstanding clauses 5.2.I.5.b and 5.2.I.5.c. and regardless of **lot width**:

.i Where the **driveway** is located on the **front lot line**, the maximum **driveway** width shall be 3.0 metres, except that the **driveway** width may be increased to equal the width of the garage within 6.0 metres of the detached garage opening.

.ii Where the **driveway** is located on the **exterior side lot line** the maximum **driveway** width shall be 6.0 metres, except that the **driveway** width may be increased to equal the width of the garage within 6.0 metres of the detached garage opening.

.iii The **driveway** may be tapered to increase the width to equal the width of the garage within 6.0 metres of the garage opening. The tapering of the **driveway** shall not extend beyond a straight line connecting the edge of the garage opening and a point 6.0 metres from the garage opening.

.6 The following surface areas of **lots** shall be maintained as **soft landscaping** capable of supporting the growth of vegetation and which permits the infiltration of water the ground, but may include a portion of a noise wall or retaining wall that is not permeable:

.a An area with a minimum width of 0.6 m abutting both **side lot lines** on **interior lots** of **detached dwellings** (or the **rear lot**

line on **corner lots** of **detached dwellings** where the **driveway** accesses the **street** abutting the **exterior side lot line**), except within 3 m of the **street lot line** and within the road right-of-way for those **lots** where the **side lot lines** converge towards the front of the **street**, in which case less than 0.6 m but not less than 0.15 m may be provided.

.b An area with a minimum width of 0.6 m abutting one **side lot line** on **lots** of **semi-detached** and **townhouse dwelling units**, except within 3 m of the **street lot line** and within the road right-of-way for those **lots** where the **side lot lines** converge towards the **street** in which case less than 0.6 m but not less than 0.15 m may be provided.

.c For **lots** with **side lot lines** converging towards the front of the **street**, the tapering of the **driveway** within 3 metres of the **front lot line** shall not extend beyond a straight line connecting the **street lot line** and the point 3 metres from the **street lot line**.

.d In no case shall the **driveway** intersect with the **side lot lines** projected towards the **street**.

.7 Any portion of a **lot** that is not part of the permitted **driveway** shall be maintained as **landscaped open space**.

.8 Driving and/or parking of motor vehicles on any **landscaped open space** or **soft landscaping** is prohibited.

.9 A surfaced walkway or path running parallel and adjacent to the **driveway** shall be measured as part of the overall width of the residential **driveway** except when:

.a the walkway or path is separated from the edge of the **driveway** by a distance of at least 1.0 metre of permeable **soft landscaping** or the surface of the walkway or path is elevated by a minimum 0.15 meters above the surface of the **driveway**.

.b the maximum width of the walkway shall be 1.5 metres.

.10 A surfaced walkway or path running generally perpendicular to the **driveway** shall be measured as part of the overall width of the residential **driveway** except when the walkway or path has a maximum width of 1.5 metres measured generally parallel to the direction of travel on the **driveway**.

.11 Where **parking spaces** are required or provided on a lot in any RE or RH zone, the following restrictions shall apply:

.a the minimum width of a **driveway** shall be 3.0 metres; and

.b the width of the **driveway** shall not exceed 50 percent of the **lot width**.

.12 Notwithstanding the requirements of this section, **driveways** in any Residential zone providing access to a common **parking area** and not an individual **dwelling unit** shall be in accordance with the applicable requirements of Section 4.2.

.13 A **driveway** shall be directly provided from the **street line** to the **private garage** entrance or **parking space**, except where a **hammerhead** or a **semi-circular driveway** are provided and permitted in accordance with this section.

.14 A **hammerhead** shall be permitted on a **lot** provided that:

.a The **lot** has a minimum **lot width** of 15.0 m.

.b The **lot** has a minimum **front yard** depth of 9.0 m.

.c The maximum width of the **hammerhead** is 3.7 m, measured perpendicular to the intended path of travel on the **hammerhead**.

.d The **hammerhead** does not extend further than 4.5 m from the **driveway**, measured along the path of travel on the **hammerhead** to the edge of the **driveway**.

.e The **hammerhead** is located no closer than 3.0 m from any **front lot line** and **exterior side lot line**.

.15 A maximum of one **driveway** entrance is permitted per **lot**, except that a **semi-circular driveway** connecting two **driveway** entrances shall be permitted, provided that:

.a The **lot** has a minimum **lot width** of at least 21.0 m.

.b The access points shall be located in the same **yard** and separated by a minimum distance of 6.0 m.

.c The **driveway** coverage does not exceed 50% of the **yard** in which it is located.

.d The width of the driveway measured perpendicular to the intended path of travel along the **driveway** does not exceed 8.5 m.

.16 On a **lot** where the **driveway** leads to an attached or detached garage or carport with an opening that is oriented generally

perpendicular to the **street**, the surface area of the residential **driveway** shall not exceed 50% of the **front yard** area.

5.2.J Dual Frontage Townhouses

.1 For any **townhouse dwelling** with dual **street** frontage, one such frontage shall be designated as the **front lot line** and the other frontage designated as the **rear lot line** for the purposes of applying the provisions of Section 5.1 and 5.2.

5.2.K Fences and Privacy Screens

.1 In any Residential zone, a fence shall be subject to the following maximum **height** requirements:

- .a A maximum of 1.2 m in **height** in any part of the **front yard**;
- .b A maximum of 2.2 m in **height** in any other **yard**;
- .c Notwithstanding provision .b above, a maximum of 2.5 m where the **lot line** abuts a Commercial, Mixed Use, Institutional, or Employment Zone;
- .d Fences shall also be subject to the requirements of Section 3.17 for **sight triangles**.

.2 Notwithstanding the restrictions of clause .1 above, a **privacy screen** shall be permitted on any **porch**, **deck, balcony, landscaped deck** or patio subject to the following:

- .a a **privacy screen** shall not exceed a maximum height of 2.0 m measured from the walking surface of the **deck**, **porch** or **balcony**, **landscaped deck** or patio;
- .b an individual side or segment of screening shall not project more than 2 metres from the wall of the **dwelling** or the depth of the walking platform to which it is affixed, whichever is less; and
- .c a **privacy screen** affixed to a **landscaped deck** shall have a minimum setback of 0.6 metres from any **lot line**.

5.2.L Holding (H) Provision for Development of 4-10 Dwelling Units on a Lot in any Residential Zone

.1 In any Residential zone, any development consisting of more than 4 **dwelling units** and up to 10 **dwelling units** on any individual **lot** and not subject to a Site Plan approval process shall be deemed to be subject to a Holding (H) symbol, which shall not be removed in

accordance with Section 36 of the *Planning Act* until such time as the following matters are addressed to the satisfaction of the Commissioner or designate:

.a A grading and drainage plan has been approved by the administrator of this By-law or their designate;

.b A concept plan showing suitable access and demonstrating compliance with City development standards;

.c A landscape and tree preservation plan has been approved by the administrator of this By-law or their designate; and

.d All other City by-laws and the requirements of this By-law are complied with for the proposed development.

5.2.M Oversized Motor Vehicles in Residential Zones

.1 An **oversized motor vehicle** shall not be parked in any part of an **exterior side yard** or **front yard**, including any **driveway** therein, except in accordance with the requirements of this section.

.2 The temporary parking of a maximum of 1 **oversized motor vehicle** is permitted within a **driveway** in a residential zone where parking is permitted, provided:

.a The **oversized motor vehicle** does not utilize a minimum required **parking space** or obstruct access to a required **parking space**; and

.b The **oversized motor vehicle** does not exceed the maximum dimensions stated in the definition of **oversized motor vehicle** in Chapter 2.

5.2.N Setbacks where Dwellings are Attached

.1 Notwithstanding any requirement of this By-law, where **dwelling units** are **attached** as may be permitted by this By-law, no **setback** shall be required for the **dwelling units** or a **private garage** along the common **lot line** where there is a common wall. The applicable **setback** in the **zone** shall apply where there is no common wall.

.2 The requirements for **accessory buildings** and **structures** shall continue to apply as required by this By-law, except that an unenclosed **deck** is permitted to encroach to 0 m for that portion of the **lot line** where the **dwelling units** are **attached**. Where a **deck** is provided along the common **lot line**, a **privacy screen** or opaque fence shall be provided along the **lot line** to a height of at least 1.8 m above the **deck's** elevation.

5.2.O Supportive Housing Residence Type 1 and Type 2

Where permitted by this By-law, a **supportive housing residence type 1** or **supportive housing residence type 2** shall be in accordance with the following provisions:

.1 A **supportive housing residence type 1** or **supportive housing residence type 2** shall be located in a **dwelling unit**, including an individual **dwelling unit** within a **building** consisting of a combination of residential and **non-residential uses**.

.2 Where not located within a mixed-use **building** as referred to in provision .1 above, a **supportive housing residence type 1** or **supportive housing residence type 2 use** shall occupy the entire **dwelling**.

.3 A **supportive housing residence type 1** or **supportive housing residence type 2** shall not be permitted in a **dwelling** that contains **additional residential unit(s)**.

5.2.P Swimming Pools and Recreation Facilities

Swimming pools other **recreation facilities** shall be in accordance with the following provisions:

.1 An uncovered **swimming pool** or uncovered **recreational facility** shall be permitted only within the **rear yard**, **interior side yard** or **exterior side yard** of a **lot**.

.2 A **swimming pool** or **recreational facility** shall be located no closer than 3.0 m to the **exterior side lot line** and 1.2 m to any other l**ot line**.

.3 An uncovered **swimming pool** or **recreational facility** shall be located no closer than 1.2 m to any easement.

.4 The **setback** provisions of this subsection shall be measured to the nearest part of the edge of the **structure** containing water or the edge of any part of the **recreational facility** that is used for the recreational purpose, and shall not include any **accessory** patio, **deck** or landscaping.

.5 A **building** or **structure** that covers a **swimming pool** may be located only in the **side yard** or **rear yard** of a **lot**, provided that it is:

.a no closer than 1.2 metres to a **side lot line** or a **rear lot line**;

.b no closer to a **street** than the required minimum **front yard** depth or the minimum **exterior side yard** width for the main **building**;

.c no greater than 23.0 m^2 in **gross floor area** and 4.0 metres in **height** on a **lot** in an RE Zone or on a **lot** in an A zone where the **lot area** is 2 hectares or less; and

.d no greater than 15.0 m^2 in **gross floor area** and 3.0 metres in **height** on a **lot** in all other Residential Zones.

5.2.Q Temporary Tents, Garage and Yard Sales

A **temporary tent** or a garage sale or yard sale use shall be in accordance with the following provisions:

.1 A garage or yard sale shall be permitted on a temporary basis in any Residential zone, in accordance with the following provisions:

.a The **use** is carried out for no more than 4 consecutive days and no more than 7 days within any calendar year.

.b The use is permitted within any part of the **front yard**, the **exterior side yard** or within any **attached private garage**.

.c The **use** is located no closer than 0.6 m to any **lot line**.

.2 A **temporary tent** shall be permitted in any residential zone, provided:

.a The minimum **lot width** is at least 9.0 m and the minimum **rear yard** depth is at least 7.5 m.

.b The **temporary tent** is only permitted within the **rear yard**.

.c The **temporary tent** is no closer than 1.0 m to any **lot line**.

.d The **temporary tent** is used for no more than 3 consecutive days and no more than 7 days within any calendar year.

5.2.R Townhouses

.1 There shall be a maximum of 8 attached principal **street townhouses** and **cluster townhouses** in one row per **building**, excluding any permitted **additional residential units**.

5.2.S Trailers and Recreational Vehicles in Residential Zones

.1 Except as permitted in this section, a **person** shall not park or store a **travel trailer** or **recreational vehicle** or any other type of trailer, in

any part of an **exterior side yard** or in the **front yard**, including any part of the **driveway** therein, of any **lot** in a residential zone.

.2 **Recreational vehicles** and **travel trailers** are permitted to be parked, stored in any part of a **private garage** provided the minimum required parking is maintained.

.3 A maximum of one **recreational vehicle** not exceeding 7.0 m in length and 2.7 m in **height** is permitted to be stored on the **lot** in any part of the **rear yard** or in the **interior side yard**, but not closer than 0.6 m to the **rear lot line** and no closer than 1.8 m to the **interior side lot line**.

.4 A maximum of one **recreational vehicle** is permitted to be temporarily stored on any part of a **driveway**, or up to two **recreational vehicles** that are set upon a trailer that is designed to transport the **recreational vehicles**, provided:

.a The length of the **recreational vehicle** or trailer does not exceed 7.0 m in length, 3.0 m in width and 2.7 m in **height**, except that where the **driveway** is at least 20.0 m in length, the length of the **recreational vehicle** or trailer is permitted to be a maximum of 12.0 m and the **height** is permitted to be a maximum 3.0 m.

.b The **recreational vehicle** or trailer is not parked or stored on the **driveway** for more than a total of 90 days in any calendar year.

.c The **recreational vehicle** or trailer is not parked or stored for more than 45 consecutive calendar days.

.d The **recreational vehicle** or trailer does not use a minimum required **parking space**, obstruct access to a required **parking space**, and does not extend into the public right-of-way.

5.2.T Upper Storey Building Step Back and Maximum Floor Plate Requirements

.1 In the R3M zone, a minimum **building step back** of 2.5 m shall be required where a **building** is facing a **street line**, applicable to any portion of the **building** that is above the **podium**. For the purposes of this requirement, the minimum and maximum **height** of the **podium** shall be:

.a A minimum of 2 **storeys**; and

.b The maximum **podium height** shall be the lesser of a maximum of 80% of the width of the adjacent **street** right-of-way, or 6 **storeys**. Where the **lot** abuts multiple **streets**, the larger **street** right-of-way shall be applicable for the purposes of identifying the maximum **podium height**.

.2 In the R3H zone, a minimum **building step back** of 3.0 m shall be required where a **building** is facing a **street line**, applicable to any portion of the **building** that is above the **podium**. For the purposes of this requirement, the minimum and maximum **height** of the **podium** shall be:

.a A minimum of 3 **storeys**; and

.b The maximum **podium height** shall be the lesser of a maximum of 80% of the width of the adjacent street right-of-way, or 6 **storeys**. Where the **lot** abuts multiple **streets**, the larger **street** right-of-way shall be applicable for the purposes of identifying the maximum **podium height**.

.3 A maximum **floor plate** requirement of 800 m^2 shall apply to any portion of a **building** that is above the 12th **storey**.

5.2.U Waste Storage – Townhouses

.1 Notwithstanding any other provision of this By-law, for any **street townhouse dwelling** with a **private attached garage**, a covered garbage enclosure shall be permitted to encroach into the minimum **front yard** by 1.5 m. On a **corner lot**, this enclosure is permitted to encroach into the minimum required **exterior side yard** by 1.5 m.

7.2.A Accessory Buildings and Structures

In Mixed-Use Zones, the following provisions shall apply to any **accessory buildings** or **structures**:

.1 The requirements of Section 3.1.B shall apply to **accessory buildings** and **structures** in the Mixed-Use Zones.

7.2.B Active Use Frontage Requirements in Protected Major Transit Station Areas

In the Mixed-Use Zones, the following provisions shall apply with respect to the permitted **uses**:

.1 Where a lot is shown on Schedule E to be subject to the Active Use Frontage Requirements, **non-residential uses** are required to be located within the **ground floor** of the **building** as follows:

.a Where the 70% Active Frontage Requirement is shown, **non-residential uses** shall occupy at least 70% of the **building**'s frontage where it faces the **street line** shown.

.b Where the 50% Active Frontage Requirement is shown, **non-residential uses** shall occupy at least 50% of the **building**'s frontage where it faces the **street line** shown.

.c Where any Active Frontage Requirement is shown, the wall of the **ground floor** that is facing the **street line** shown shall incorporate a minimum **glazing** of 50% of the surface area of the **ground floor** wall.

7.2.C Common Amenity Area Requirements

.1 Minimum **common amenity areas** shall be required for **dwelling units** in any Mixed-Use Zone in accordance with the provisions of Section 5.2.G.

.2 Minimum **common amenity areas** shall not be located in any part of the **rear yard** in any Mixed-Use Zone.

7.2.D Parking Area and Garage Restrictions

In the Mixed-Use Zones, the following provisions shall apply to any **parking areas**:

.1 **Surface parking** areas shall only be permitted in the **rear yard**.

.2 Above-ground **parking structures** in any mixed-use zone shall not be located within 15.0 m of the **street line** of any **Boulevard** or **Corridor**, as shown on Schedule K to this By-law.

.3 Above-ground **parking structures** in any mixed-use zone shall be integrated within a principal **building** and shall not be permitted as a stand-alone **structure**.

.4 **Private garages** for **dwelling units** are prohibited to face a **public street** in any Mixed-Use Zone and **private garages** only be permitted in a rear **lane** configuration.

7.2.E Rear Yard Setback (North side of Queen Street) in Protected Major Transit Station Areas

On lands zoned Mixed-Use and located on the north side of Queen Street and located between Hansen Road and Highway 410, the following requirements shall apply:

.1 A minimum 18.0 m **rear yard setback** shall be required from any R1 or R1M zone boundary to any **building** or **structure**.

.2 A **public street**, **private street**, **lane**, **landscaped open space**, **landscaped strip**, **community garden**, and **accessory structures** in the form of a statue, monument or similar ornamental or commemorative landscape feature in accordance with Section 3.1.B.3 are permitted within the **rear yard setback** required by 7.2.F.1.

.3 **Parking areas**, **parking aisles**, **parking spaces**, and **common amenity areas** are not permitted within the **rear yard setback** required by 7.2.F.1.

7.2.F Supportive Housing Residences

.1 The requirements of Section 5.2.O shall apply to **Supportive Housing Residence Type 1** and **Supportive Housing Residence Type 2**.

7.2.G Upper Storey Building Step Back and Maximum Floor Plate Requirements

.1 In the MM zone, a minimum **building step back** of 2.5 m shall be required where a **building** is facing a **street line**, applicable to any portion of the **building** that is above the **podium**. For the purposes of this requirement, the minimum and maximum **height** of the **podium** shall be:

.a A minimum of 2 **storeys**; and

.b The maximum **podium height** shall be the lesser of a maximum of 80% of the width of the adjacent **street** right-of-way, or 6 **storeys**. Where the **lot** abuts multiple **streets**, the larger **street** right-of-way shall be applicable for the purposes of identifying the maximum **podium height**.

.2 In the MH zone, a minimum **building step back** of 3.0 m shall be required where a **building** is facing a **street line**, applicable to any portion of the **building** that is above the **podium**. For the purposes of this requirement, the minimum and maximum **height** of the **podium** shall be:

.a A minimum of 3 **storeys** or 10.5 m; and

.b The maximum **podium height** shall be the lesser of a maximum of 80% of the width of the adjacent **street** right-of-way, or 6 **storeys**. Where the **lot** abuts multiple **streets**, the larger **street** right-of-way shall be applicable for the purposes of identifying the maximum **podium height**.

.3 A maximum **floor plate** requirement of 800 m^2 shall apply to any portion of a **building** that is above the 12^{th} **storey**.

Regulations to Table 8.1.5:

(1) The **landscaped strip** shall be required to incorporate opaque screening through fences or landscaping with a minimum **height** of 1.0 m.

Section 8.2: General Regulations for Employment Zones

8.2.A Accessory Buildings and Structures

.1 **Accessory buildings** and **structures** shall be in accordance with Section 3.1.B.

8.2.B Accessory Office Uses in the Employment Zones

.1 In any Employment zone, the maximum **gross floor area** of an **accessory office** shall be 15% of the **gross floor area** of the associated principal employment **use**.

.2 Notwithstanding section 8.2.B.1, where the associated principal employment **use** is primarily conducted outdoors, the maximum **gross floor area** of an **accessory office** shall be 100 m^2.

8.2.C Ancillary Retail and Restaurant Uses in the Employment Zones

.1 Any goods, material, equipment, food or other items that are sold, leased, rented, or displayed in an **ancillary retail** or **restaurant use** in the Employment zones shall be produced by the associated employment **use** and shall be located on the same **lot**.

.2 In the Employment zones, the maximum **gross floor area** of **ancillary retail and restaurant uses** on the **lot** shall be 15% of the associated principal employment **use**.

8.2.D Hazardous Waste Processing and Thermal Degradation

Where permitted by this By-law, a **hazardous waste processing** or a **thermal degradation use** shall be in accordance with the following provisions:

.1 This **use** shall not be permitted within 1,000 m of any Residential, Mixed-Use, Park, or Institutional Zone.

8.2.E Hazardous Waste Transfer and Power Generation (Fuel Combustion) Use

A **hazardous waste transfer use** and **power generation (fuel combustion) use** shall be in accordance with the following provisions:

.1 The **use** shall not be permitted within 300 m of any Residential, Mixed-Use, Park, or Institutional Zone.

8.2.F Outside Storage

Where permitted by this By-law, **outside storage** shall be in accordance with the following provisions:

.1 **Outside storage** shall be permitted as an **accessory use** to a principal **use** only.

.2 **Outside storage** shall not be permitted within any **front yard** or **exterior side yard**.

.3 **Outside storage** shall not be permitted within 90 m of any **Boulevard**, as shown on Schedule K to this By-law. This **setback** shall be measured from any **lot line** abutting the **street** identified as a **Boulevard**.

.4 **Outside storage** shall not be permitted within any **yard** that abuts any Residential or Mixed-Use zone.

.5 **Outside storage** shall be no closer than 1.2 m from any **lot line** where abutting another General Employment Zone. Where abutting any other **zone**, the setback of **outside storage** shall be equal to the height of the **outside storage**, or 1.2 m, whichever is greater.

.6 The **height** of **outside storage** shall not exceed the lesser of 11.0 m or the **height** of the **main building**.

.7 **Outside storage** shall be screened from view from a **street** by opaque landscaping, an opaque fence, berm, or wall where the **outside storage** abuts a **street**, or along any **lot line** where the **outside storage** is adjacent to any **zone** other than a **zone** in which **outside storage** is also permitted. The screening shall have a minimum **height** of 1.8 m.

.8 Where **outside storage** is permitted in an Employment zone, nothing in this By-law shall prevent the parking and storage of **oversized motor vehicles** (trucks and/or transport trailers) not actively engaged in loading or unloading and which may or may not be in conjunction with a business operating from a **building** on the same **lot** provided that:

- .a Trucks and/or trailers shall not be parked stored on a vacant land or any lot that does not include a **building**.
- .b The location of the truck and/or trailer parking and storage area shall be limited to the area of the **lot** permitted to be used for **outside storage** as set out in the applicable **zone**.

.c No trucks and/or trailers shall be parked or stored on any portion of a **lot** required for parking, loading, **driveways**, or **landscaped open space**.

.d Trucks and/or trailers shall not exceed a maximum height of 4.15 metres.

.e Truck and trailer parking and storage areas shall be screened from view from the **street** by fencing, architectural screening, landscape buffer, buildings placement, berms, or a combination of such treatment.

8.2.G Waste Transfer Station, Waste Processing Station

Where permitted by this By-law, a **waste transfer station** or **waste processing station** shall be in accordance with the following provisions:

.1 Notwithstanding the permitted **uses** of the zone, **outside storage** is only permitted to be in the form of enclosed bins or containers and in accordance with the provisions of this By-law for **outside storage**.

.2 The **use** shall not be permitted within 300 m of any Residential, Mixed-Use, Park, or Institutional Zone.

11.2.A Agricultural and Future Development Zone Accessory Building and Structure Requirements

In the Agricultural or Future Development Zone, **accessory buildings** and **structures** shall be subject to the following provisions:

.1 Any **accessory building** or **structure** that is **attached** to the main **dwelling** shall not be subject to the provisions of this subsection but shall be subject to the **yard** and **setback** requirements in the applicable **zone**.

.2 An **accessory building** or **structure** is prohibited to be constructed in any part of the **front yard**, **exterior side yard**, or in the minimum required **interior side yard** specified in the applicable **zone**.

.3 **Habitable space** is prohibited within any **accessory building** or **structure**, unless otherwise expressly permitted by this By-law.

.4 A **Quonset hut**, **intermodal shipping container** or transport trailer shall not be **used** as a **detached garage** or **carport** on a **lot** with an area less than 0.2 ha.

.5 An **accessory building** or **structure** shall be subject to the following requirements:

- .a On a **lot** having a **lot area** of 2 hectares or less, **accessory buildings** and **structures** shall be in accordance with the requirements for Residential Zones under Section 5.2.B.
- .b On a **lot** having a lot area of more than 2 hectares, **accessory buildings** and **structures** shall not be located within 3.0 m of any **lot line**.
- .c **Detached private garages** and **carports** shall be subject to the requirements of Section 5.2.H.

.6 No **accessory building** or **structure** shall be constructed upon any easement.

.7 The maximum **height** of an **accessory building** or **structure** in an Agricultural or Future Development Zone shall be in accordance with Table 11.2.A.1.
