.1 A corner lot with a width of 23.0 metres or less, or an interior lot with a width of 19.7 metres or less shall not have a garage with doors facing the interior lot line.

.2 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Sections 5.2.D.3, the minimum front yard of the applicable zone and 5.2.D.5 of the By-law shall not apply;

.3 Section 5.2.D.7 of the By-law and Exception 2388.2(4) shall not apply to a lot that has a garage with doors that face an interior side lot line;

.4 For lots with a width of 19.8 metres or greater, the maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.5 A garage may face the flankage lot line;

.6 A balcony or porch may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.7 Notwithstanding Exception 2388.2.6, the minimum building or structure setback to a daylighting triangle/rounding is 1.5 metres. Eaves and cornices are permitted to encroach into this setback a maximum of 0.6 metres;

.8 A balcony or deck may project into the minimum rear yard a maximum of 3.0 metres. Landings associated with a balcony or deck are permitted to project further into the rear yard, provided the landing associated with the balcony or deck does not exceed 3.0 square metres;

.9 An open-roofed porch, with or without a cold cellar, may project into the minimum rear yard by a maximum of 1.8 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum rear yard;

.10 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres; and,

.11 The maximum building height of a single detached dwelling shall not exceed 13 metres

12.2389 Exception 2389

12.2389.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in a R1 zone;

12.2389.2 The lands shall be subject to the following requirements and restrictions:

.1 The shortest lot line not abutting a street shall be deemed to be the rear lot line;

.2 The front lot line shall be deemed to be a lot line 21 metres in length, measured along the street line from the intersection of the interior side lot line and the street line. The balance of the street line shall be deemed to be a flankage lot line;

.3 The minimum lot width shall not apply;

.4 The minimum lot depth shall not apply;

.5 The minimum front yard depth and exterior side yard width shall be 3.0 metres, but 6.0 metres to the front of a garage;

.6 The minimum rear yard depth may be reduced to 1.2 metres provided a minimum landscaped open space area of 90 square metres is provided, exclusive of the landscaping in the front or exterior side yard;

.7 The maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.8 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 3.0 metres and Sections 5.2.D.3, 5.2.D.5, 5.2.D.7 and Exception 2389.2(7) shall not apply;

.9 A garage may face the flankage lot line;

.10 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 1.5 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.11 A balcony, deck or open-roofed porch with or without a cold cellar may project into the minimum rear yard by a maximum of 3.0 metres but in all cases a minimum setback of 3.5 metres from the rear lot line shall be maintained. Landings associated with a balcony, deck or open-roofed porch are permitted to project further into the rear yard, provided the associated landing does not exceed 3.0 square metres;

.12 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres. In no case shall a bay window, bow window and box-out window be located closer than 1.2 metres to the rear lot line; and,

.13 The maximum building height of a single detached dwelling shall not exceed 13 metres.

12.2390 Exception 2390

12.2390.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone.

12.2390.2 The lands shall be subject to the following requirements and restrictions:

.1 The most easterly lot line abutting a street line shall be deemed to be the front lot line;

.2 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Sections 5.2.D.3, 5.2.D.5, 5.2.D.7 and Exception 2390.2(3) shall not apply;

.3 For lots with a lot width of 19.8 metres or greater the maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.4 A garage may face the flankage lot line;

.5 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.6 Notwithstanding Exception 2390.2.5, the minimum building or structure setback to a daylighting triangle/rounding is 1.5 metres. Eaves and cornices are permitted to encroach into this setback a maximum of 0.6 metres;

.7 A balcony or deck may project into the minimum rear yard by a maximum of 3.0 metres. Landings associated with a balcony or deck are permitted to project further into the rear yard, provided the landing associated with the balcony or deck does not exceed 3.0 square metres;

.8 An open roofed porch, with or without a cold cellar, may project into the minimum rear yard by a maximum of 1.8 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum rear yard;

.9 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres;

.10 The maximum building height of a single detached dwelling shall not exceed 13 metres.

12.2391 Exception 2391

12.2391.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone.

12.2391.2 The lands shall be subject to the following requirements and restrictions:

.1 The most easterly lot line abutting a street line shall be deemed to be the front lot line;

.2 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Sections 5.2.D.3, 5.2.D.5, 5.2.D.7 and Exception 2391.2(3) shall not apply;

.3 For lots with a lot width of 19.8 metres or greater the maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.4 A garage may face the flankage lot line;

.5 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.6 Notwithstanding Exception 2391.2(5), the minimum building or structure setback to a daylighting triangle/rounding is 1.5 metres. Eaves and cornices are permitted to encroach into this setback a maximum of 0.6 metres;

.7 A balcony or deck may project into the minimum rear yard by a maximum of 3.0 metres. Landings associated with a balcony or deck are permitted to project further into the rear yard, provided the landing associated with the balcony or deck does not exceed 3.0 square metres;

.8 An open roofed porch, with or without a cold cellar, may project into the minimum rear yard by a maximum of 1.8 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum rear yard;

.9 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres;

.10 The maximum building height of a single detached dwelling shall not exceed 13 metres.

12.2392 Exception 2392

12.2392.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone.

12.2392.2 The lands shall be subject to the following requirements and restrictions:

.1 The lot line abutting the Natural System (NS) zone shall be deemed to be the rear lot line;

.2 The front lot line shall be deemed to be a lot line 21 metres in length, measured along the street line from the intersection of the interior side lot line and the street line. The balance of the street line shall be deemed to be a flankage lot line;

.3 The minimum lot width shall not apply;

.4 The minimum lot depth shall not apply;

.5 The minimum rear yard setback shall be 6.0 metres;

.6 The minimum front yard depth and exterior side yard width shall be 3.0 metres, but 6.0 metres to the front of a garage;

.7 The minimum rear yard depth may be reduced to 1.2 metres provided a minimum landscaped open space area of 90 square metres is provided, exclusive of the landscaping in the front or exterior side yard;

.8 The maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.9 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 3.0 metres and Sections 5.2.D.3, 5.2.D.5, 5.2.D.7 and Exception 2392.2.8 shall not apply;

.10 A garage may face the flankage lot line;

.11 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 1.5 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.12 A balcony, deck or open-roofed porch with or without a cold cellar may project into the minimum rear yard by a maximum of 3.0 metres but in all cases a minimum setback of 3.5 metres from the rear lot line shall be maintained. Landings associated with a balcony, deck or open-roofed porch are permitted to project further into the rear yard, provided the associated landing does not exceed 3.0 square metres;

.13 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres. In no case shall a Bay window, bow window and box-out window be located closer than 1.2 metres to the rear lot line; and,

.14 The maximum building height of a single detached dwelling shall not exceed 13 metres.

12.2393 Exception 2393

12.2393.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone

12.2393.2 The lands shall be subject to the following requirements and restrictions:

.1 The minimum rear yard setback shall be 6.0 metres;

.2 The maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.3 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Sections 5.2.D.3, 5.2.D.5, 5.2.D.7 and Exception 2393.2(2) shall not apply;

.4 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.7 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres; and,

.8 The maximum building height of a single detached dwelling shall not exceed 13 metres.

12.2394 Exception 2394

12.2394.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone

12.2394.2 The lands shall be subject to the following requirements and restrictions:

.1 On an interior lot with a width of 12.5 metres or greater, the minimum interior side yard width shall be 1.2 metres;

.2 On a corner lot with a width of 15.8 metres or greater, the minimum interior side yard width shall be 1.2 metres;

.3 A corner lot with a width of 23.0 metres or less, or an interior lot with a width of 19.7 metres or less shall not have a garage with doors facing the interior lot line.

.4 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Section 5.2.D.3 and the minimum front yard of the applicable zone and 5.2.D.5 shall not apply;

.5 Section 5.2.D.7 shall not apply to a lot that has a garage with doors that face an interior side lot line;

.6 If an interior lot is greater than or equal to 14.0 metres and less than 16.0 metres, the maximum interior garage width shall be 6.1 metres and Section 5.2.D.7 shall not apply;

.7 If a corner lot is greater than or equal to 15.5 metres and less than 19.3 metres, the maximum interior garage width shall be 6.1 metres and Section 5.2.D.7 shall not apply;

.8 On lots greater than or equal to 12.2 metres in width but less than 12.5 metres in width, the cumulative garage door width is not to exceed 5.05 metres;

.9 A garage may face the flankage lot line;

.10 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.11 Notwithstanding Exception 2394.2(9), the minimum building or structure setback to a daylighting triangle/rounding is 1.5 metres. Eaves and cornices are permitted to encroach into this setback a maximum of 0.6 metres;

.12 A balcony or deck may project into the minimum rear yard by a maximum of 3.0 metres. Landings associated with a balcony or deck are permitted to project further into the rear yard, provided the landing associated with the balcony or deck does not exceed 3.0 square metres;

.13 An open roofed porch, with or without a cold cellar, may project into the minimum rear yard by a maximum of 1.8 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum rear yard;

.14 Bay windows, bow windows and box-out windows with or without foundations, and including eaves and cornices, may project a maximum of 1.5 metres into the minimum front yard, rear yard, or exterior side yard with a maximum width of 4.0 metres;

.15 The maximum building height of a single detached dwelling shall not exceed 11 metres.

12.2395 Exception 2395

12.2395.1 The lands shall only be used for the following purposes:

.1 Shall only be used for the purposes permitted in the R1 zone

12.2395.2 The lands shall be subject to the following requirements and restrictions:

.1 A corner lot with a width of 23.0 metres or less, or an interior lot with a width of 19.7 metres or less shall not have a garage with doors facing the interior lot line.

.2 Where garage doors face an interior side lot line, the minimum front yard depth to the garage shall be 4.5 metres and Section 5.2.D.3 and the minimum front yard of the applicable zone and 5.2.D.5 shall not apply;

.3 Section 5.2.D.7 and Exception 2395.2.4 and 2395.2.5 shall not apply to a lot that has a garage with doors that face an interior side lot line;

.4 For interior lots with a lot width of 19.8 metres and greater the maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.5 For corner lots with a lot width of 23.1 metres and greater the maximum interior garage width shall be the greater of 9.0 metres or 50% of the dwelling unit width;

.6 For interior lots with a lot width less than 19.8 metres wide, the maximum interior garage width shall not exceed the greater of 6.1 metres or 50% of the dwelling unit width;

.7 For corner lots with a lot width less than 23.1 metres wide, the maximum interior garage width shall not exceed the greater of 6.1 metres or 50% of the dwelling unit width;

.8 A garage may face the flankage lot line;

.9 A balcony or porch, with or without a cold cellar, may project into the minimum front yard or exterior side yard by a maximum of 2.0 metres, with attached eaves and cornices permitted to project an additional 0.6 metres into the minimum front yard or exterior side yard;

.10 Notwithstanding Exception 2395.2.9, the minimum building or structure setback to a daylighting triangle/rounding is 1.5 metres. Eaves and cornices are permitted to encroach into this setback a maximum of 0.6 metres;

.11 A balcony or deck may project into the minimum rear yard by a maximum of 3.0 metres. Landings associated with a balcony or deck are permitted to project further into the rear yard, provided the landing associated with the balcony or deck does not exceed 3.0 square metres;
