LIGHTHOUSE PROGRAM

WHAT IS THE LIGHTHOUSE PROGRAM?

- Special arrangement with Faith-Based Organizations (FBOs) agreeing to participate in the program.
- FBOs open their facilities to the public as a place of refuge during extreme weather events (heat, cold).
- Non-denominational access to the public.

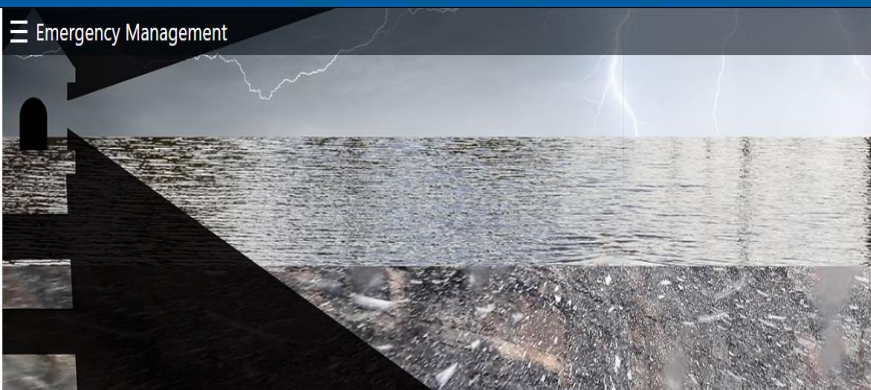

HOW DOES IT WORK?

- No agreements needed to be signed.
- No additional training necessary.
- No obligations to open/close facility during extreme weather events (heat, cold) as a Cooling/Warming Centre.

The Lighthouse Program allows members of the community to seek refuge within the premises of participating faith-based organizations – “lighthouses” – during times of community-wide emergencies such as cold alerts and heat warnings. You can contact faith-based organizations (FBO) within this directory to understand if their facilities are temporarily being used as warming and/or cooling centres and/or if they're providing other means of support.
