### WHAT GOES HERE AFFECTS US

#### @ BATSMAN PARK

This piece is an eye-catching representation of Brampton's Indigenous wildlife. By showcasing these species in their natural habitat, I aim to evoke empathy and raise awareness about the impact of pollution on our local.

### WHAT GOES HERE

#### @ CORVETTE CT

This piece highlights the direct impact of catchbasin runoff on local wildlife. Using eye-catching colors, I showcased some examples of pollutants on the first catch basin and indigenous wildlife on the other. The aim was to make people pause and reflect on how their actions affect the environment around us.
